

Rawat Premium Battery-Operated Sugarcane Juice Machine – Mobile Eco-Friendly Cold Press Crusher

About Product

The Rawat Battery-Operated Sugarcane Juice Machine is a game-changing, highly mobile, and eco-friendly refreshment solution designed for absolute outdoor flexibility. Powered by a high-torque electric motor linked to an advanced rechargeable battery pack, this machine operates perfectly without needing a continuous direct power supply or noisy diesel engines.

Using heavy-duty, food-grade stainless steel rollers, it extracts 100% of pure, refreshing juice in a single pass. It is the absolute ultimate choice for mobile food trucks, highway stalls, juice bars, outdoor catering events,

and entrepreneurs looking to run a high-profit sugarcane business anywhere with zero noise and zero emissions..

Core Highlights

- Made In India
 - Independent battery-powered operation allows you to run a full day's business anywhere without needing a grid connection
 - Single-pass extraction technology crushes stalks entirely in one go, extracting maximum juice with completely dry waste output
 - Equipped with heavy-duty, food-grade Stainless Steel crushing rollers ensuring total hygiene and rust resistance
 - Completely silent, eco-friendly performance eliminates the loud vibrations and dirty fumes of old-fashioned diesel engines
 - Highly portable and compact structure designed to sit comfortably on mobile carts, e-rickshaws, or counter tables
 - Easy-to-read battery indicator and simple push-button controls make daily operation stress-free and user-friendly
-

⚙️ Technical Specifications

- Brand: Rawat
- Product Type: Battery-Operated Sugarcane Juice Machine
- Operation: Battery Powered / Electric Motor Drive
- Material: High-Grade Food-Safe Stainless Steel (SS Rollers & Juice Tray)
- Extraction Method: Heavy-Duty Cold Press (Single-Pass Roller Mechanism)

- Mobility: Tabletop / Cart-Mountable Compact Design
- Safety Features: Fully Enclosed Crushing Chamber, Emergency Stop System
- Country of Origin: India

Why Choose Rawat ?

- Drives high outdoor profitability by letting you set up shop in high-footfall parks, markets, and highways without power constraints
- Delivers ultra-hygienic, unadulterated sugarcane juice that appeals directly to modern, health-conscious consumers
- Saves massive amounts on daily running costs by replacing expensive diesel or petrol fuel with clean battery charging
- Industrial-strength internal gear assemblies ensure continuous crushing capability with near-zero manual maintenance
- Complete operational peace of mind backed by Rawat's professional technical support network and instant spare parts availability
- Proudly Made in India, heavy-engineered to easily handle the rugged workloads, hot summers, and high demands of regional street-vending businesses
