

Rawat Premium Commercial Electric Juice Machine – Heavy-Duty Fruit & Citrus Juicer Extractor

About Product

The Rawat Commercial Electric Juice Machine (SKU-0075) is a high-speed, heavy-duty extraction solution engineered to meet the intense demands of commercial beverage operations. Powered by a robust, high-torque electric motor, this industrial-grade machine effortlessly processes large quantities of citrus fruits, pineapples, pomegranates, and hard vegetables, separating pulp and extracting maximum pure juice yield in seconds. It is the absolute ultimate choice for busy juice bars, premium

cafes, hotel breakfast buffets, restaurants, and catering businesses looking to serve fresh, healthy, and unadulterated juices rapidly while keeping pace with peak customer rush hours.

Core Highlights

- Made In India
 - High-velocity commercial processing performance effortlessly handles continuous high-volume juicing runs
 - Advanced high-yield extraction technology squeezes maximum juice content, leaving a completely dry pulp discharge
 - Premium food-grade contact components provide excellent resistance to acidic/citric corrosion and ensure absolute hygiene
 - Heavy-duty internal grating and filtration assembly ensures smooth, pulp-free juice output with zero clogging or jamming
 - Extra-wide feeding mouth reduces preparation labor by allowing larger fruit pieces to be fed into the machine simultaneously
 - Sturdy, vibration-absorbing base layout delivers quiet running performance and maximum stability on active counters
-

⚙️ Technical Specifications

- Brand: Rawat
- Product Type: Heavy-Duty Commercial Electric Juicer
- Operation: Fully Automatic / Electric
- Voltage: 220 V
- Phase: Single Phase, 50 Hz
- Material: Premium High-Grade Food-Safe Contact Parts & Outer Body

- Extraction Mechanism: Heavy-Duty High-Speed Centrifugal Extractor
- Suitable For: Sweet Lime (Mosambi), Oranges, Pineapples, Pomegranates, Apples, Carrots, etc.
- Country of Origin: India

Why Choose Rawat ?

- Drastically scales up beverage service speeds by replacing slow manual presses with high-velocity mechanical extraction
- Preserves natural vitamins, rich enzymes, and authentic fruit flavors by minimizing friction-induced heat buildup during operation
- Industrial-grade construction easily satisfies strict food safety protocols and stands up to intense, daily multi-batch cleaning
- Highly optimized electrical engineering delivers maximum hourly juice throughput with exceptionally low electricity expenses
- Total operational peace of mind backed by Rawat's professional after-sales support, technical guidance, and ready spare parts
- Proudly Made in India, heavy-engineered to easily withstand the high workloads and rugged conditions of busy Indian commercial food industries
