

Rawat Premium Commercial Oil Extraction Machine – Heavy-Duty Automatic Cold Press Oil Expeller

About Product

The Rawat Commercial Oil Extraction Machine is an industrial-strength, high-efficiency oil mill solution designed for organic food shops, commercial oil manufacturers, agricultural enterprises, and small-scale food processing units. Engineered with an advanced heavy-duty screw-pressing assembly, this machine effortlessly extracts maximum oil yield from a wide variety of oil seeds using the highly preferred cold-press method. Built for continuous daily operation, it extracts 100% pure, natural, and nutrient-dense oils without chemical additives, discharging a completely compressed, dry cake and helping businesses capitalize on the massive demand for premium, healthy cooking oils.

Core Highlights

- Made In India
 - High-yield extraction efficiency □ maximizes oil output from raw materials, leaving a tightly compressed, completely dry cake discharge
 - Healthy cold-press technology processes seeds at controlled temperatures to preserve natural nutrients, vitamins, and rich authentic aromas
 - Unmatched multi-seed versatility □ effortlessly extracts pure oil from mustard, sesame, peanuts, groundnuts, coconuts, sunflower seeds, and flaxseed
 - High-torque industrial motor and gear drive built to handle continuous, intensive daily commercial workloads smoothly
 - Premium food-grade structural construction provides complete rust resistance, long-term durability, and easy cleanup
 - Smart automated control panel allows for stress-free operation, drastically reducing manual supervision and backend labor costs
-

⚙️ Technical Specifications

- Brand: Rawat
- Product Type: Commercial Oil Extraction Machine / Seed Expeller
- Operation: Fully Automatic / Electric
- Material: High-Grade Food-Safe Steel Construction

- Voltage: 220 V / 380 V (Standard options available)
- Phase: Single Phase / Three Phase options
- Frequency: 50 Hz
- Extraction System: Heavy-Duty Screw Pressing (Cold Press Mechanism)
- Suitable For: Mustard, Groundnut/Peanut, Sesame, Almond, Coconut, Sunflower, Flaxseed, and more
- Core Components: Industrial Worm Screw, Precision Squeezing Chamber, and Thermal Startup Element
- Country of Origin: India

Why Choose Rawat ?

- Drives high commercial profitability by delivering excellent oil extraction rates and reducing raw material overheads
- Supplies 100% unadulterated, premium-grade oils that instantly appeal to modern health-conscious consumers and organic markets
- Rugged, industrial-grade mechanical design ensures maximum operational uptime and dependable performance during peak harvest seasons
- Energy-efficient electrical engineering keeps everyday running costs and commercial power bills remarkably low
- Total operational confidence backed by Rawat's professional after-sales network, technical guidance, and ready spare parts availability
- Proudly Made in India, heavy-engineered to perfectly match the high workloads, continuous runs, and strict standards of regional oil industries
