

Rawat Premium Domestic & Commercial Oil Expeller Machine – High-Yield Cold Press Oil Extractor

About Product

The Rawat Oil Expeller Machine is a high-efficiency, multi-functional oil extraction solution designed for homes, small businesses, cottage industries, and organic shops. Engineered with precision pressing

technology, it extracts 100% pure, natural, and nutrient-dense oil from a wide variety of seeds using a healthy cold-press method. With its compact design, durable food-grade components, and simple automated operation, it provides a hassle-free way to produce chemical-free, fresh cooking oil while maximizing oil yield from every batch.

Core Highlights

- Made In India
- High oil extraction yield □ extracts maximum oil with completely dry cake discharge
- Healthy cold-press technology preserves natural nutrients, rich aroma, and flavors of the oil
- Multi-seed versatility □ perfectly processes mustard, sesame, peanuts, coconut, sunflower seeds, and more
- Heavy-duty industrial-grade heating and pressing assembly built for smooth, continuous operation
- Premium food-safe Stainless Steel body ensuring excellent rust resistance and quick cleaning
- Compact and portable structure that fits comfortably into retail shops or home kitchen counters

⚙️ Technical Specifications

- Brand: Rawat
- Product Type: Oil Expeller / Oil Extraction Machine
- Operation: Fully Automatic / Electric
- Material: Food-Grade Stainless Steel (SS Body)
- Voltage: 220 V
- Phase: Single Phase, 50 Hz

- Suitable For: Mustard, Groundnut, Sesame, Coconut, Almond, Flaxseed, etc.
- Extraction Method: Cold Press / Screw Pressing
- Country of Origin: India

Why Choose Rawat ?

- Guarantees 100% pure, unadulterated oil, helping customers shift to a healthier lifestyle
- Multi-purpose operational capability allows businesses to expand their product catalog easily
- Energy-efficient motor technology delivers high production throughput with low electricity bills
- Rugged, low-maintenance mechanical build provides long service life and high profit margins
- Total operational confidence backed by Rawat's professional after-sales support and spare parts availability
- Proudly Made in India, heavy-engineered to meet the strict quality standards of regional oil processors
