

Rawat Premium Multi-Functional Electric Vegetable Cutting Machine – 1 HP High-Capacity

About Product

The Rawat Electric Vegetable Cutting Machine is a premium, industrial-grade food preparation solution designed to handle the heavy-duty slicing, dicing, and shredding demands of commercial kitchens. Driven by a powerful 1 HP electric motor, this high-speed processor effortlessly cuts through a wide variety of root vegetables, leafy greens, and fruits with absolute precision.

Ideal for hotels, large restaurants, mid-to-large catering operations, commercial canteens, and food packaging industries looking to optimize production speed while ensuring beautiful, uniform cut quality..

Core Highlights

- Made In India
- Massive production output ranging from 300 kg to 500 kg per hour, engineered for bulk commercial supply
- Versatile multi-cutting performance easily achieves slicing, shredding, grating, and cubing/dicing actions
- Driven by a robust, highly reliable 1 HP single-phase motor running at an efficient 1440 RPM speed
- Fully constructed with high-grade Stainless Steel for long-term corrosion resistance and ultimate food safety
- Multiple interchangeable blade plates allow rapid switching between different cutting styles and thicknesses
- Designed with a wide dual-hopper feeding assembly to safely accommodate various vegetable shapes and sizes

Technical Specifications

- Brand: Rawat
- Product Type: Multi-Functional Vegetable Cutting Machine
- Motor Power: 1 HP
- Motor Speed: 1440 RPM
- Voltage: 220 V
- Phase: Single Phase, 50 Hz
- Production Capacity: 300-500 Kg/hr
- Body Material: High-Grade Commercial Stainless Steel (SS)
- Blade Discs: High-Quality Stainless Steel Interchangeable Blades
- Suitable For: Slicing, Dicing, Shredding, Julienne, and Grating
- Country of Origin: India

Why Choose Rawat ?

- Revolutionizes commercial kitchen efficiency by replacing massive manual preparation shifts with automated, high-speed cutting
- Delivers ultra-precise and uniform cuts that improve food presentation, cooking consistency, and plate aesthetics
- Heavy-duty stainless steel build easily handles continuous daily wet processing and simplifies deep washdown routines
- Energy-efficient electrical engineering ensures low operational costs even during peak high-volume running hours
- Complete peace of mind backed by Rawat's professional after-sales network, reliable customer service, and ready spare parts
- Proudly Made in India, heavy-engineered to perfectly match the high workloads and rugged conditions of busy Indian commercial food industries
