

COMPANY PROFILE

**Signoret Pharmaceuticals Private
Limited**

Meet Your Neighborhood Pharma Formulations Plant
Signoret Pharmaceuticals Private Limited... but you
can call me

"The Formulator"

ABOUT OUR COMPANY

We turn powerful science into trusted medicine.
We take raw active ingredients — the tiny warriors that heal —
and craft them into safe, consistent, easy-to-use forms:

- 👉 Pills you swallow
- 👉 Syrups you measure

VISION & MISSION

Vision

To be a global leader in pharmaceutical manufacturing, recognized for excellence in innovation, quality, and sustainability—transforming patient lives through advanced, accessible, and ethical healthcare solution

- ★ We envision a future where cutting-edge research and smart manufacturing converge to deliver breakthrough medicines—faster, safer, and more effectively
- ★ Our vision extends beyond medicine—we're committed to eco-conscious production, waste reduction, and carbon-neutral operations. Because a healthier world starts with responsible choices today.

Mission

To reliably produce high-quality, life-saving medicines with uncompromising precision, ensuring safety, efficacy, and accessibility for patients worldwide—while upholding sustainability, innovation, and ethical excellence in every step of our operation

- ★ We prioritize strict adherence to global regulatory standards (GMP, FDA, WHO) and rigorous quality control at every stage—from raw materials to final packaging
- ★ By integrating advanced technologies, lean manufacturing, and continuous R&D, we accelerate the delivery of affordable, next-generation therapies

OUR GOALS

Ensure Uncompromising Quality

We are committed to producing medicines that meet the highest global standards of purity, potency, and efficacy. Through rigorous quality control, cutting-edge technology, and adherence to Good Manufacturing Practices (GMP), we guarantee that every product reaching patients is safe, reliable, and effective.

Drive Innovation

By investing in advanced research, smart manufacturing, and sustainable processes, we aim to develop breakthrough therapies that address unmet medical needs. Our goal is to accelerate the delivery of life-saving treatments while optimizing efficiency and reducing environmental impact.

Global Access to Essential Medicines.

We believe healthcare should have no boundaries. Through strategic partnerships, scalable production, and responsible pricing, we strive to make high-quality medicines accessible to patients worldwide.

BUSINESS PLAN

www.signoret.in

To deliver safe, effective, and accessible medicines using cutting-edge technology and ethical practices.

Market Analysis

- Global pharmaceutical market is projected to reach \$1.5 trillion by 2027 (CAGR: 5-7%).
- Rising demand for generics, biologics, and vaccines in emerging markets.

Executive Summary

- Core Focus: Manufacturing high-quality, affordable generic and/or innovative medicines while adhering to global regulatory standards (GMP, FDA, WHO).
- Vision: To become a trusted global leader in pharmaceutical production through innovation, sustainability, and patient-centric care

Business Objectives

- Expand production capacity and enter international markets.
- Invest in R&D for novel drug formulations.
- Achieve carbon-neutral or zero-waste manufacturing.

Competitive Edge

- Cost-efficient production without compromising quality.
- Faster regulatory compliance and approvals.
- Sustainable packaging and waste management.

MARKETING STRATEGY

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Integer nec odio.

B2B Relationship-Driven Marketing

Partner with hospitals, governments, and distributors through trust-building audits, sample programs, and long-term supply contracts.

Digital Authority & Thought Leadership

Dominate LinkedIn and pharma forums with whitepapers, webinars, and regulatory insights to position your brand as an industry expert.

Sustainable & Ethical Branding

Leverage eco-friendly packaging, carbon-neutral certifications, and CSR health camps to attract ESG-focused buyers and tenders.

Agile Contract Manufacturing Promotions

Offer 'end-to-end solution' packages (R&D to packaging) with faster turnaround times to lure global pharma giants outsourcing production.

COMPANY OVERVIEW

Trusted Manufacturer

- 250+ Products in generics, Tablet, Liquid, Capsules, and specialty medicines
- 5+ Regulatory Approvals (GMP, GLP, ISO, USFDA, FDA)
- Supplies to 15+ Countries across Africa, Asia and Middle East

Sustainable Growth

- 30% Revenue Growth YoY (2022-23)
- Zero Liquid Discharge Plant with 40% renewable energy usage
- 10+ Community Health Initiatives annually

Advanced Infrastructure

- 3 State-of-the-art Facilities with 6 production lines
- 20+ Skilled Workforce including R&D scientists
- 500 Million Annual Production Capacity (tablets/bottles)

Future Ready

- \$20M Investment in new biologics facility (2024-25)
- 50 New Patents Filed in novel drug delivery systems
- Targeting \$100M Revenue by 2026

FUTURE PLANS

New product development

20M Investment in new biologics facility (2026-2027)

New Patents to be Filed in novel drug delivery systems
