

SOLAR DRYING OF CHEMICALS

**PURE DRYING. BETTER PROCESSING.
HIGHER QUALITY.**

Rudra Solar Energy provides advanced solar drying solutions for a wide range of non-hazardous chemical materials. Our enclosed cabinet dryers ensure controlled drying conditions with uniform airflow, dust protection and solar thermal efficiency — delivering consistent quality for your industrial and processing needs.

KEY FEATURES

- ✓ Enclosed Cabinet for Hygienic Drying
- ✓ Uniform Airflow for Consistent Results
- ✓ Solar Thermal Energy – Cost Effective
- ✓ Dust, Insect & Contamination Protection
- ✓ Food Grade / Industrial Grade Materials
- ✓ Customizable Trays & Capacity
- ✓ Easy to Operate & Maintain

APPLICATIONS

- Industrial Chemical Powders
- Inorganic Salts & Minerals
- Filtered Wet Chemical Cake
- Dyes, Pigments & Colorants
- Agricultural & Soil Conditioners
- Other Non-Hazardous Chemical Materials

BENEFITS

IDEAL FOR

WHY RUDRA SOLAR DRYER?

Engineered for performance. Built for reliability. Designed for your growth.
