SOLAR DRYING OF MILLETS & GRAINS

Efficient enclosed drying for bajra, jowar, ragi, foxtail millet and other grain-based produce

Rudra Solar Energy offers enclosed solar drying solutions for millets and grains with controlled airflow, hygienic drying conditions, and application-based system design to support better storage, shelf life, and product quality.

- **Enclosed Drying**
- **Controlled Airflow**
- **Solar Thermal**
- **Low Maintenance**

SUITABLE APPLICATIONS

- Bajra
- Jowar
- Ragi
- Foxtail Millet
- Other selected grains & seeds

KEY BENEFITS

- Helps reduce moisture safely
- Protects from dust & insects
- Supports better shelf life
- Promotes clean and uniform drying

SUITABLE USERS

- Farmers
- FPOs & SHGs
- Agro-processors
- Rural enterprises

SYSTEM HIGHLIGHTS

- Enclosed chamber design
- Food-safe drying environment
- Uniform air movement
- Easy operation and handling

Preserve Nutrition with Sunshine

- **SUSTAINABLE FOOD SYSTEMS**
- **VALUE FOR FARMERS**
- **CLEANER GREENER PLANET**

Harnessing the Sun for a Better Tomorrow
