## FEATURES & BENEFITS

- The Truck Tyre Changer is specially designed for heavy-duty applications, making it the perfect solution for trucks, buses, and large commercial vehicles. Its high torque motor and hydraulic system enable seamless handling of massive tyres, ensuring smooth removal and installation with minimal operator effort.

## TECHNICAL SPECIFICATION

Power supply	1.1 kW, 50 Hz
Motor Power	2.4/3.0 kW, 415-3 ph
Operating Pressure	0-130 bar
Rim Diameter	14' to 56'
Max Wheel Diameter	2300 mm
Noise	< 70 db
Max. Wheel Width	1300 mm
Protection Degree	IP21S
