**An ISO 9001 - 2015 Certified Company**

**Commercial**  
**Food processing machinery & Kitchen equipment**

## Company Profile

### About Us

Welcome to Vishvakarma Techno Steel Equipments, a leading manufacturer of food processing machines and kitchen equipment since 1998. We have a rich history of crafting reliable and innovative solutions for various sectors, such as hotels, hostels, trusts, sansthans, restaurants, bulk cooking kitchens, caterers, Gruh Udhyog, pharmaceutical industries, chemical industries, industrial kitchens, and more. Our satisfied customers can attest to our quality and precision in the field of food processing. In this brochure, you will see our achievements and progress over the years. We work with the aim of producing fast and hygienic food with energy-saving features. We have developed many machines made from 100% 304 stainless steel. We have recently moved to our new manufacturing unit, which covers 65,000 square feet and is equipped with the latest laser cutting, CNC technology, and advanced machinery. At our showroom outlet, spanning 30,000 square feet, we provide complete solutions and equipment for hotels, restaurants, mega kitchens, and more.

Additionally, we undertake customized projects for pharmaceutical industries, chemical industries, commercial kitchens, mega kitchens, food courts, food processing industries, and more.

### Why Choose Us

- ◆ **Customized Solutions** : Recognizing that each business has unique needs, we offer tailored machinery solutions that seamlessly fit into your specific production processes.
- ◆ **Superior Quality** : Our robust, durable equipment is engineered to endure the demands of rigorous usage, ensuring peak performance at all times.
- ◆ **Innovative Leadership** : Continuously pushing the boundaries of innovation, we invest heavily in research and development to introduce pioneering technologies that optimize your operations.
- ◆ **Commitment to Excellence** : Our vision is not only to provide the best quality machinery but also to build and maintain healthy, long-term relationships with our customers.

## Energy Saving Cooking Kettle Planetary (Hydraulic)

SAVE GAS  
UP TO  
ENERGY  
50%

### For Cooking Dal, Sabji, Gravy, Curries, Kheer, Syrup etc.

Capacity : 300 Ltr., 700 Ltr., 1200 Ltr., 1600 Ltr.  
With Automatic Hydraulic Jack System  
With Planetary Mixer and Scraper  
With Variable Speed Drive System  
High quality jet Burner  
Cooking Pan is made by Single Punch which Ensure the Proper & Smooth Working of Planetary Mixer  
With Heavy duty Motor and Gearbox  
With High Quality Burner  
With Ac Drive for Speed Control Mixer, Tilting type
