

MULTI PURPOSE WELDING CARRIAGE

WTRY-EASY-OSC is a multipurpose carriage with weaving controls. The trolley moves on a track and hence can be used for 1G application only. It is suitable for both butt as well as Fillet welding application

Features

- Aluminum die cast body makes it light weight still sturdy.
- Can be used for both BUTT & FILLET Welding application.
- Wider Wheel Base and hence stable.
- Longer cross beam and hence wider reach.
- Easy adaptability to different kind of MIG torches.
- High Speed mode given for use in plasma cutting application.
- Multipurpose as the same trolley can be used for welding & Cutting.
- 360° initial positioning of the torch.

Technical Specifications

Model

WTRY-EASY-OSC

INPUT SUPPLY	Single Phase 230 Volts 50 Hz
DRIVING MODE	2 Wheel Drive
TRACKING MODE	Track Type
TRACK LENGTH	1.8 Meters
TRAVELING SPEED	80~800 (mm/min)
UP/DOWN TORCH ADJUSTMENT	80mm
LEFT/RIGHT TORCH ADJUSTMENT	120mm
WEAVING SPEED	0~100mm/sec
LEFT/RIGHT DWELL TIME	0~2.5 sec
WEAVING ANGLE	0~15 Degree
DIMENSIONS (L X W X H)	314 x 195 x 242 mm
WEIGHT	12.5 kg
