

New Century Filaments Pvt Ltd: The Future of Baler Twine

Established in 1980, New Century Filaments Pvt Ltd brings over 40 years of legacy in yarns, threads, and twines. As an Export House recognised by the Government of India, we are trusted by global clients across the USA, Europe, and the Middle East for our unwavering commitment to quality and innovation.

Product Focus: Premium PP Baler Twine

100% Virgin Polypropylene

Ensuring superior quality and durability for all applications.

UV Stabilised & Weather Resistant

Built to withstand harsh outdoor conditions, preventing degradation.

Universal Compatibility

Suitable for all baling machines, both manual and automatic.

Precision Engineering: Technical Specifications

Our PP Baler Twine meets the highest standards for agricultural use. We offer a comprehensive range of sizes and deniers, ensuring the perfect fit for your specific baling needs.

- Available in all standard baler colors (orange, blue, yellow)
- Knot strength and break load conforming to international norms
- Custom specifications available upon request

Feature	Description	Benefit
Material	100% Virgin Polypropylene	Superior strength and purity
Sizes & Deniers	All standard sizes available	Versatile for diverse baling applications
UV Stabilization	Yes	Extended outdoor life, weather-resistant
Knot Strength	Guaranteed	Secure bales, reduced breakage
Machine Compatibility	Manual & Automatic Balers	Seamless operation across equipment

Robust Production & Capacity

Tons/Month Capacity

With scalable output to meet growing demands efficiently.

Years Experience

In manufacturing quality yarns, threads, and twines.

Our dedicated baler twine production line operates with advanced machinery, supported by an in-house laboratory. This ensures rigorous testing of tensile strength and overall quality, guaranteeing consistent performance for every batch.

Flexible Customisation & OEM Service

Private Labeling

Enhance your brand presence with custom-designed labels.

Custom Packaging

Tailored solutions to meet specific market requirements.

Bulk Shipment Options

Optimised for efficiency and significant cost savings.

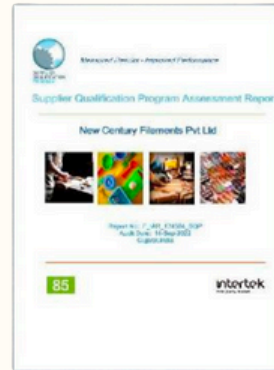

OEM-Ready Production

Seamless integration for retail or agricultural brands.

Unwavering Commitment to Quality

Quality is the corner stone of our operations. We adhere to stringent quality control measures at every stage, from raw material extrusion to final packaging, ensuring our products consistently meet and exceed international standards.

Extensive Global Market Presence

Our baler twine is exported to major agricultural markets including the USA, Europe, and the Middle East. We possess in-depth knowledge of agricultural product compliance regulations across diverse international markets, ensuring smooth and efficient delivery.

- Familiar with agri product compliance in multiple markets
- On-time delivery with reliable logistics partners

Why Choose Century for Baler Twine?

Decades of Expertise

Over 40 years in manufacturing, ensuring unparalleled product knowledge.

Global Trust

Proven track record with satisfied international clients.

Unmatched Capacity

High production capacity supported by a strong focus on quality.

Comprehensive Support

Full OEM service with customisation options for your brand.

Let's Connect

We look forward to building a long-term, mutually beneficial partnership. We are ready to provide samples, detailed quotes, and comprehensive product sheets to meet your specific requirements.
