

**W**ith over 20 years of experience in the machinery industry, We Maxin India has evolved as a remarkable professional shredding machine manufacturer as per the customer's customised need with an ISO 9001:2015 certification. Efficient supply chain management systems, cutting edge technology and high quality assurance are the key factors that help us to pioneer the machine models that suits the industry needs. With constant feedback from our diversified client base across the world, our machines are refined recurrently. With the corporate office in Coimbatore, Tamil Nadu (India), our machines are equipped across the globe.

To bring in the qualitative improvements and faster production in shredding

- <sup>2</sup> Providing our esteemed customers, the cutting edge technology solutions through our products.
- <sup>2</sup> Delivering consistent standards of scales and service support at all levels.
- <sup>2</sup> Continuous improvement through staff motivation, skill sets up gradation, training and professional work environment.
- <sup>2</sup> Treating our stakeholders with respect, trustworthiness and friendly.

## R & D and Quality ▷

We have our own designing with quality control (QC), and Research and Development (R&D) departments with skilled workforce to present new machineries in the market.

## Network ▷

Maxin India has a strong network of dealers and distributors across India and abroad. We offer them our technical expertise as well as a very strong selling and marketing support, including personalized brochures, mailing tips, web assistance, dealer extranet and many opportunities for commercial and technical training either in our factory or through exhibitions. Our dealers are independent companies strongly committed to the success of both Maxin India and their customers.

## Customer Care ▷

We provide value to our customers through strong effort, after sales service. We have an exclusive customer care department for your service across India and abroad.
