ABOUT US

Since 2004....

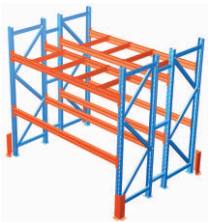

Coinage Exim Pvt. Ltd. came into existence to focus on providing Engineering solutions to the international community. Our products have satisfied customers in India as well as abroad.

The company is having multiple business vertical and foreign collaborations so in 2010 we restructured all our engineering activities under one brand umbrella "Dofort".

We are providing valuable contribution in the field of Engineering Space Management. With proper understanding of our customer's requirement we design unique solutions for them. Our tailor made services enables both our company and our customers to jointly produce high standards of excellence. We believe in assisting and partnering with our clients wherever they require us to come in.
