INTELLIGENT AND ROBUST SAFETY

Peace of mind comes naturally with the state-of-the-art active and passive safety features of the Elevate, keeping you, your loved ones, and everyone on the road protected.

Honda SENSING

INTELLIGENT ADAS TECHNOLOGY.

Honda SENSING is an Advanced Driver Assistance System (ADAS) designed to help you drive more safely by reducing the risk of accidents. It intervenes to avoid or lessen the impact of a collision. With every advancement we make, we get closer to a world without collision.

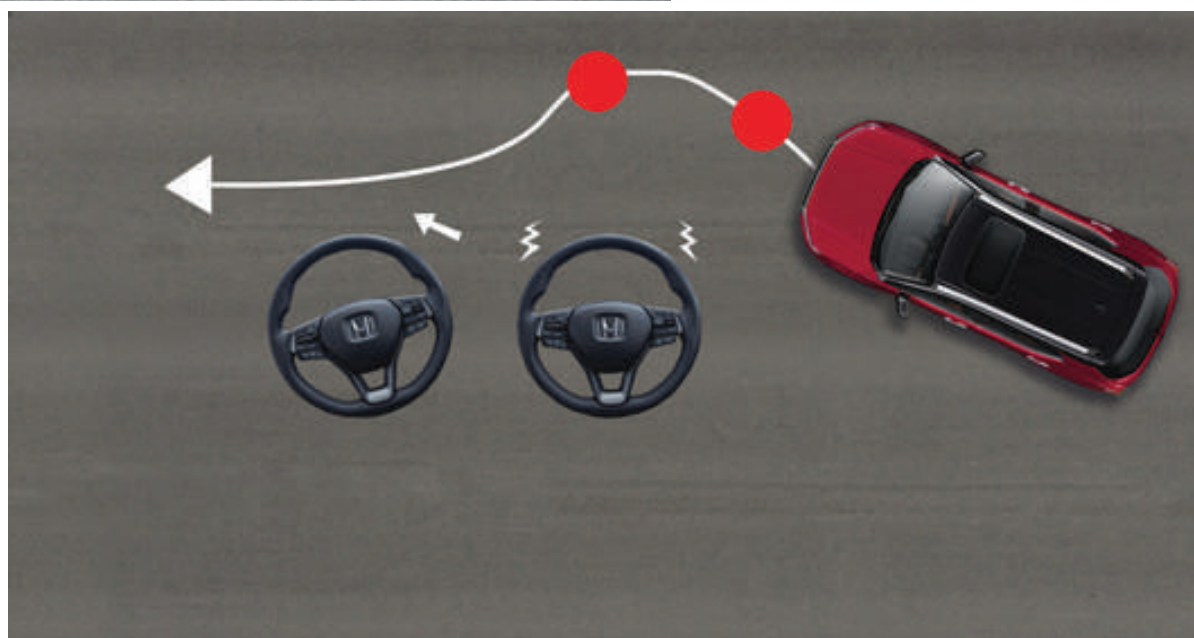

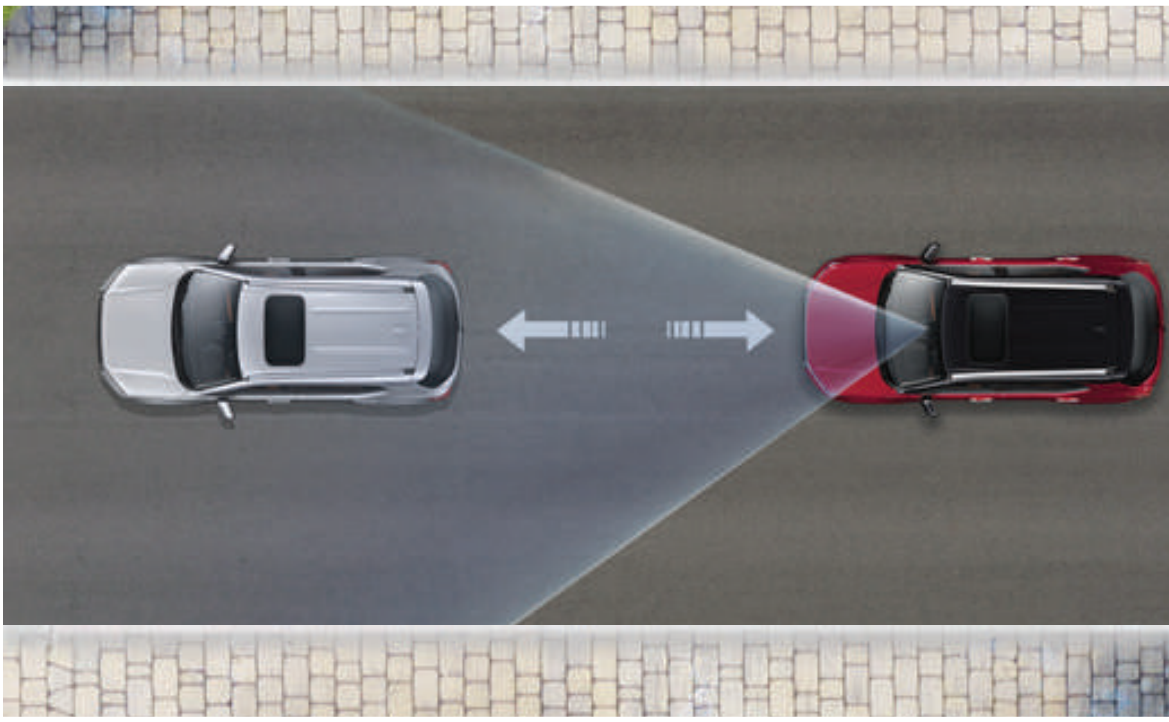

Collision Mitigation Braking System (CMBS)

Provides audio & visual warning alerts and applies brakes when there is a risk of collision.

Road Departure Mitigation System

When the car seems to deviate from road boundaries, it gives audio-visual alerts with steering wheel support.

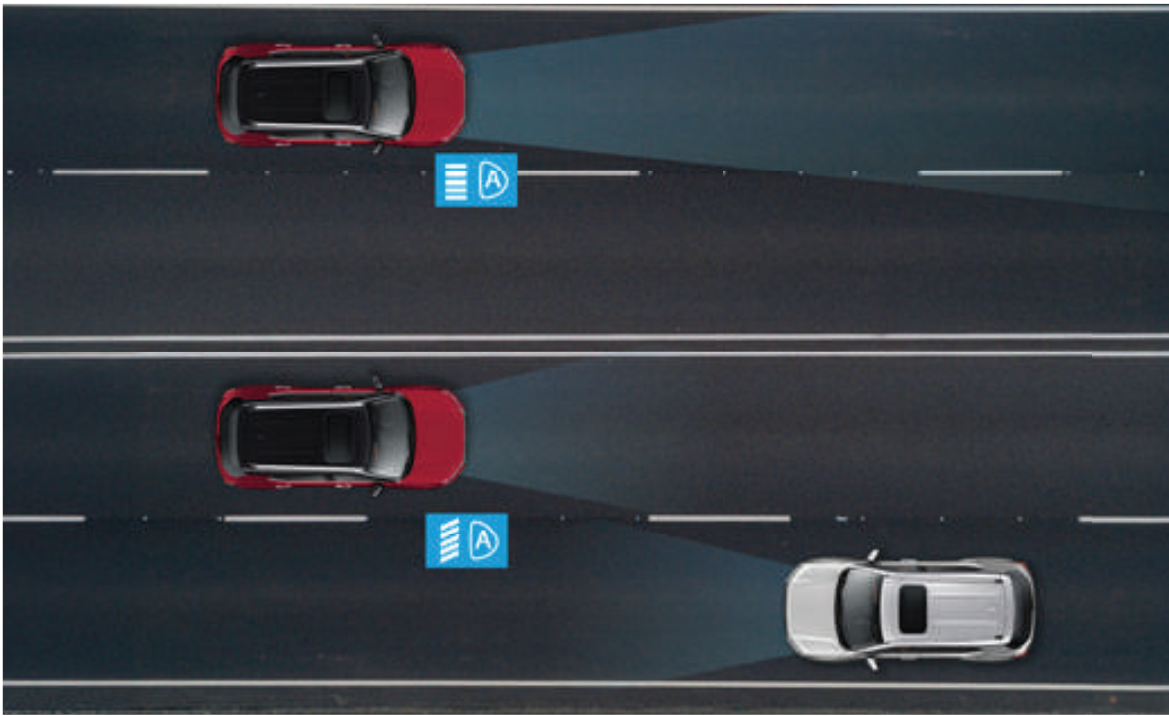

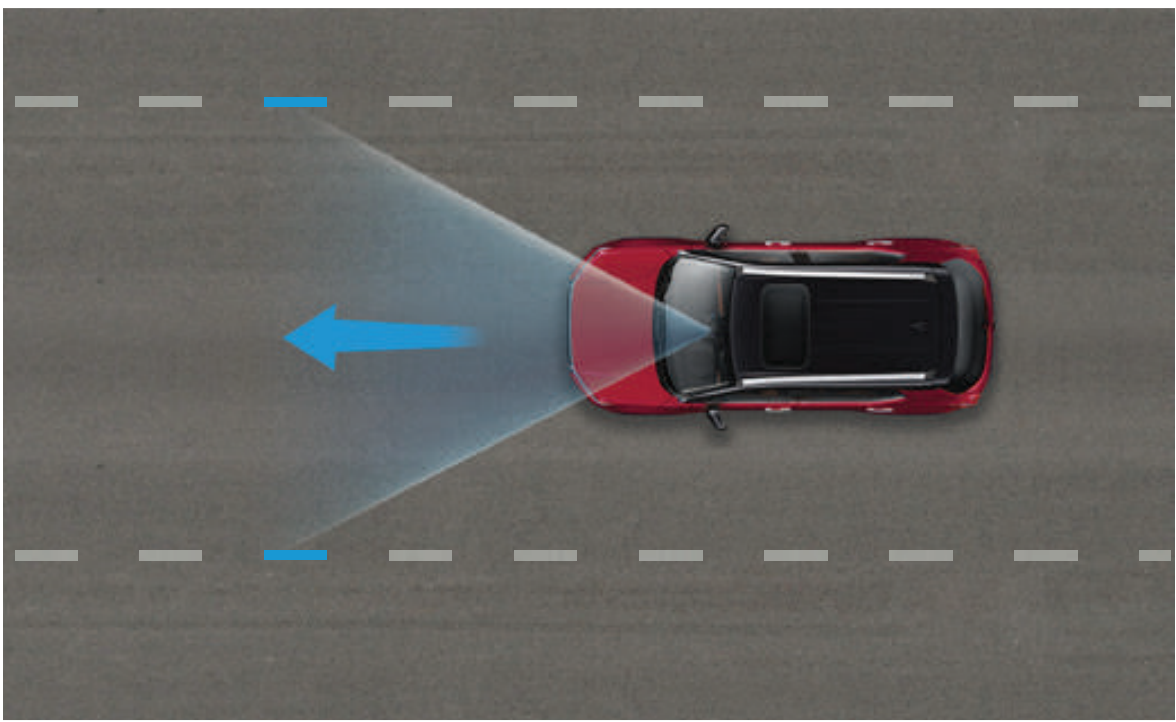

Adaptive Cruise Control

Accelerates and brakes to keep you at a safe distance from other cars while cruising.

Lane Keeping Assist System (LKAS)

It steers the wheel to keep you in the middle of the lane while cruising along the highway.

Auto High-Beam

Improves visibility by automatically switching between low and high beam.

Lead Car Departure Notification System

It notifies you when the car ahead starts moving.

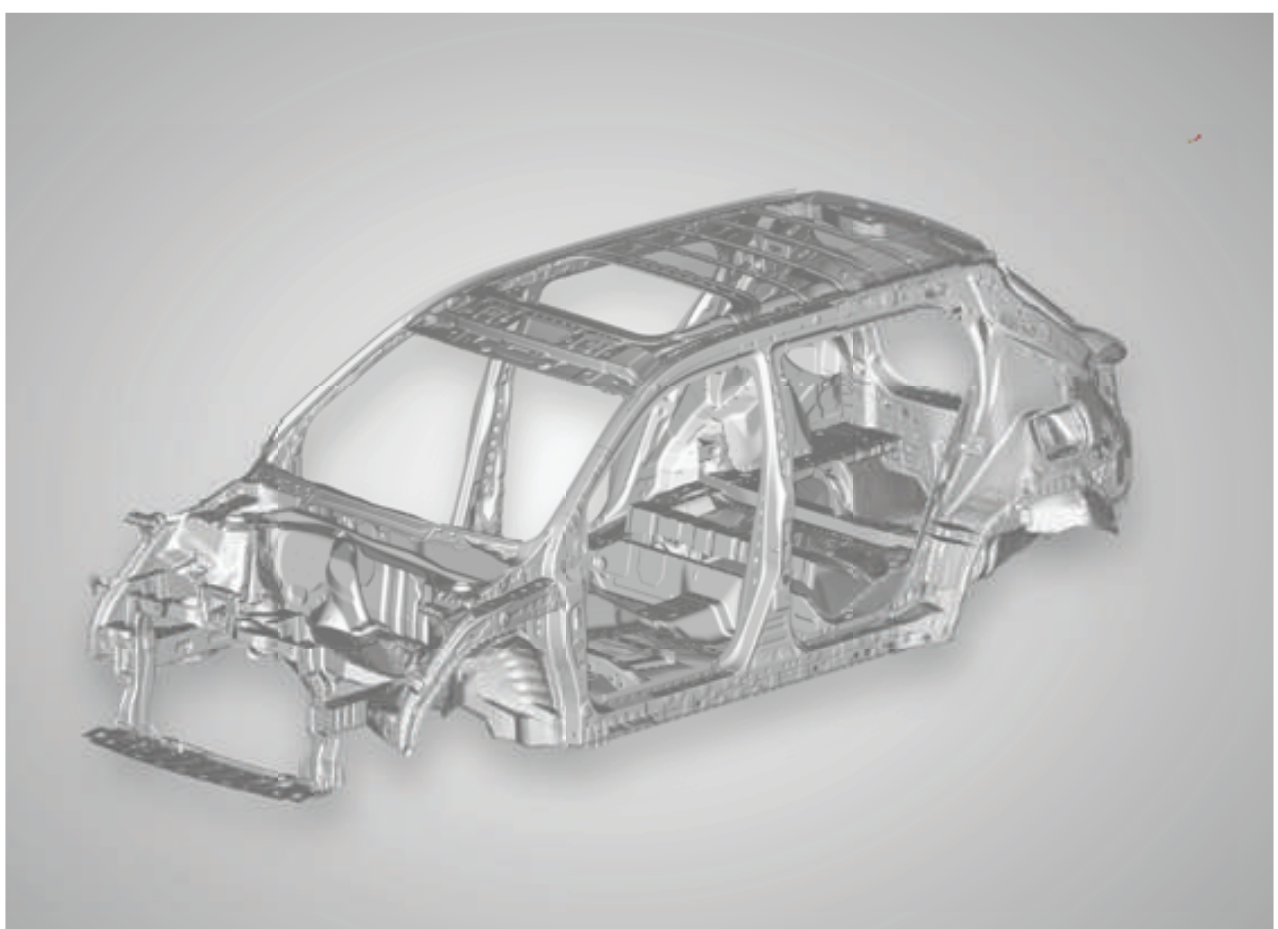

LaneWatch™ Camera

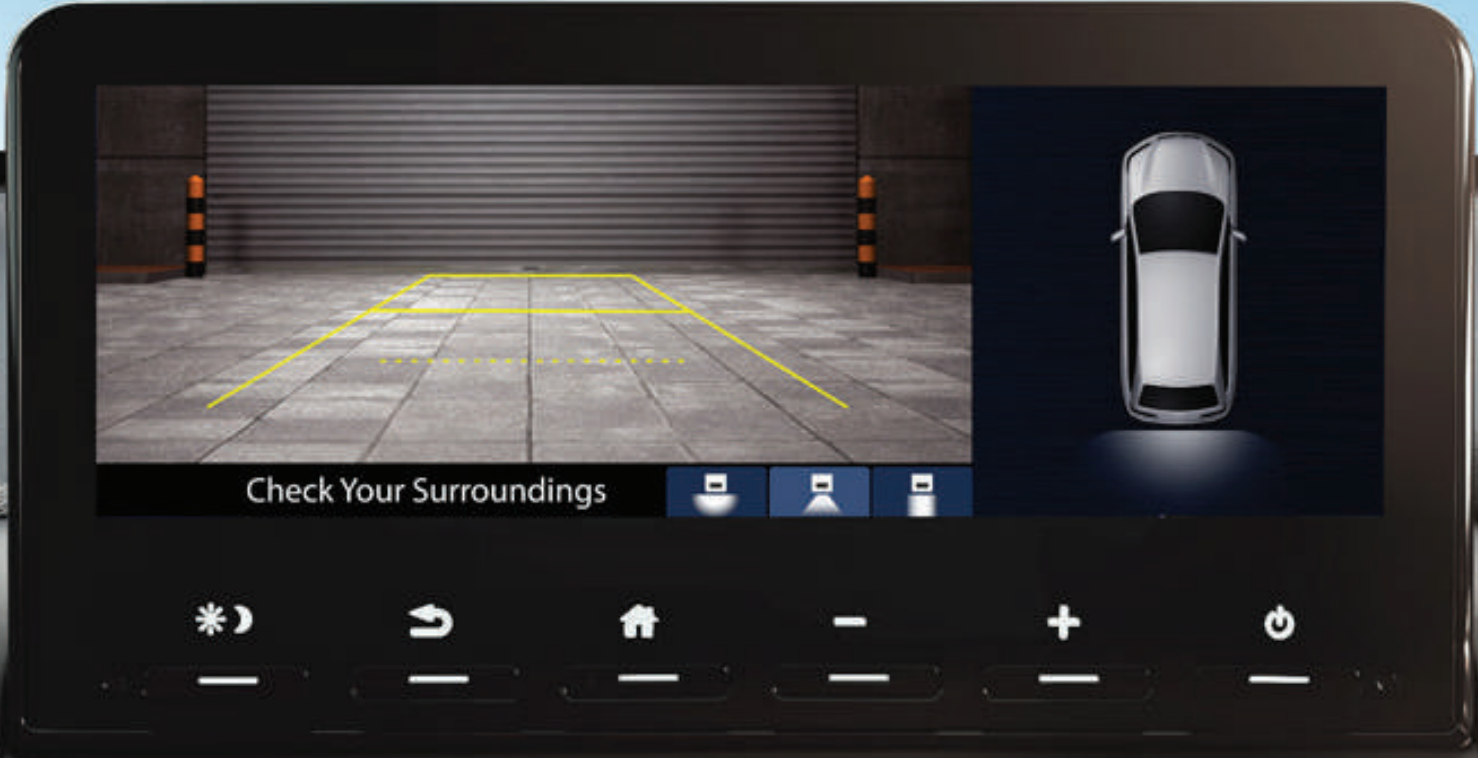

6 Airbags Standard Across All Variants

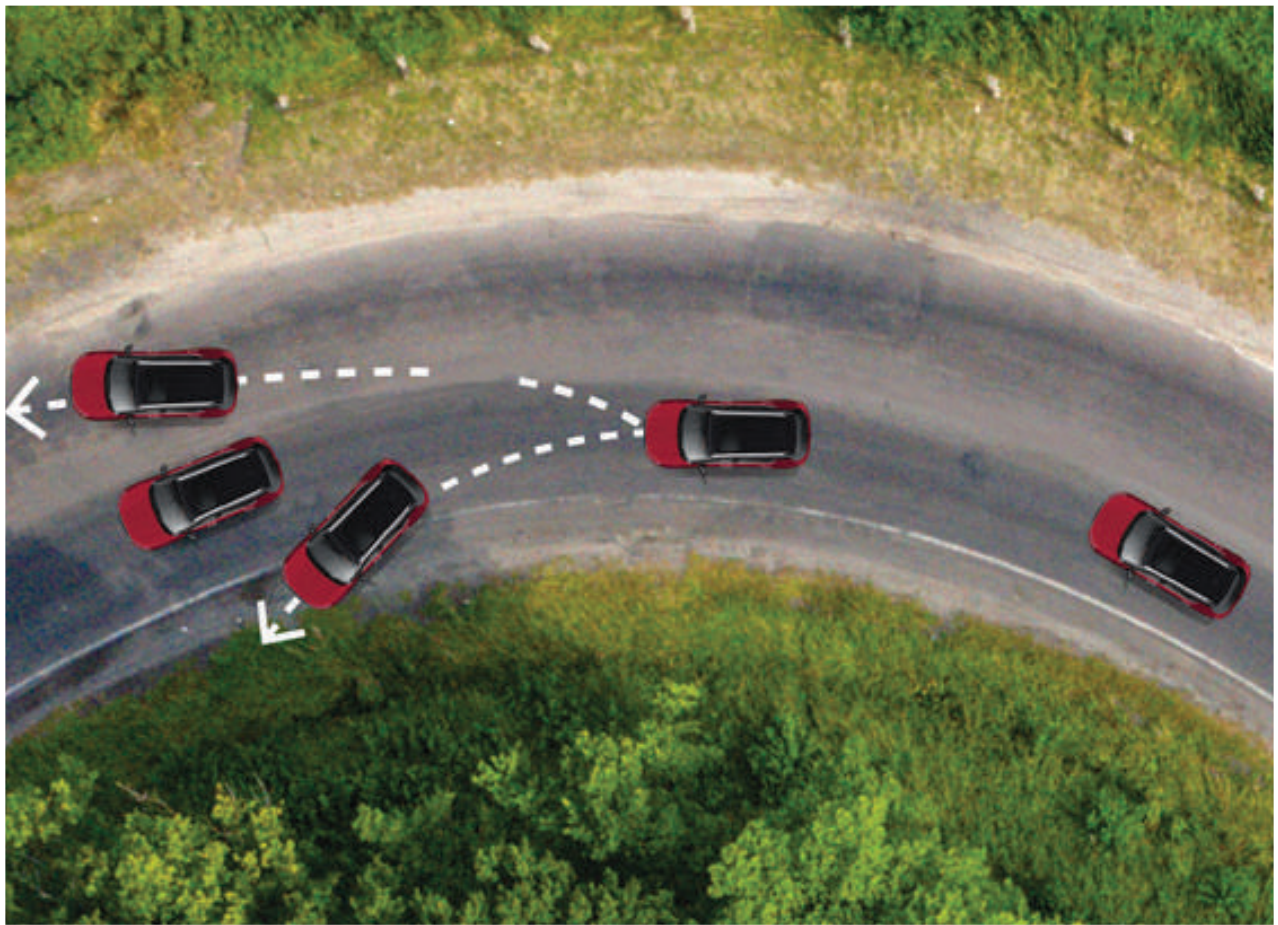

Advanced Compatibility Engineering (ACE™) Body Structure
