About Us:

Innovation in Treatments

Ernest Pharma is a research-driven group of companies dedicated to the discovery, development, manufacture and marketing of innovative health care products. We are committed to offering the highest quality products to treat diseases, and bringing more health to patients and their families.

Our Objectives

The objectives and beliefs of Ernest Pharma can be summed up in a single phrase:

Value through Innovation

This vision has helped us build on our strengths and make the most of our distinctive character and corporate culture that is rooted in our belief that in order to be successful we must have a strong partnership with our people.

Value through Commitment

It is what drives us to continuously search for new and innovative ways to improve the lives that we touch – whether that be lives of patients and their families, our employees or our community. Ernest Pharma is also committed to providing valuable services and support to patients and their families

Ernest focuses its operations:

- Anti Cancer
- Anti HIV
- Cardiac
- Anti Hypertensive
- Anti Erectile Dysfunction

We maintain the highest standards of quality; the products meet relevant pharmacopeial standards and statutory requirements. In addition, the company ensures that all the steps involved in design, development and manufacture of a product leads to the intended level of quality performance in the market. This commitment to quality requires us to ensure that our facility is geared up to provide the right environment, our personnel are trained and quality conscious, our packaging satisfaction.
