# INSPIRES YOU TO DO MORE

Whether you work in a Print Shop, Creative Agency or a Corporate Office, why settle for anything less when you can get MORE Creativity, MORE Simplicity, MORE Savings, and get MORE out of your business. Presenting the Canon imagePRESS C265, a perfect combination of user-friendly interface and patented technologies that ensure professional quality to your colour documents. iPR C265 will enable you to expand your business and move beyond the current realm of work.

It's time to add a growth partner to your business, not just a printer.

## MORE BUSINESS

imagePRESS C265 is an outstanding investment designed to deliver the remarkable print quality that meets your current business demands.

### Optimal Productivity & Brilliant Impression

Print speeds up to 65pages/min(Color), 70pages/min(B/W) and scan speed of 240/240images/min (Color/B/W) at 300dpi. This next-generation imaging solution incorporates Single-pass Duplex Color Scanner and state-of-the-art R-VCSEL laser technology at 2 400 x 2 400dpi, 190lpi screening to give you immense productivity and stunning image quality.

### Keeps Running

Slowdowns and interruptions can cost time and money. Outstanding consumables and part yield combined with toner and paper replenishment on-the-fly ensure maximum productivity.

## MORE SIMPLICITY

The touch screen interface is designed for maximum ease of use. Functions are quickly initiated with clearly identifiable on-screen buttons that can be organized to fit the way you work.

### Work Easier

Repetitive or complicated tasks can be assigned to a single button on the interface, speeding workflow through less manual intervention. On-screen Intuitive Removal Guidance is designed to easily remove paper jams (if any).

### Connect Seamlessly

It has the ability to interact with USB drives, Wi-Fi or mobile Apps. This makes connectivity to iPR C265 more easy and seamless.

### Data And Network Security

Optional multilayered security solutions help safeguard sensitive data stored on the device and during transmission if required.

## MORE CREATIVITY

Wide range of creative applications are possible with the ability to handle multiple paper sizes and formats including SRA3, A3, A4, envelopes, heavy media up to 350g/m<sup>2</sup> and unique long-sheet functionality up to 1300mm (6 Fold A4 Brochure).

### Rich, Clear, Vivid Images

Canon's translucent CV Toner allows the surface properties of the media to show through, thus producing amazingly vibrant and vivid images.

### Wide Media Support

The combination of its Coated Transfer Belt and Simple Transfer Adjustment technology allows the toner to fill the peaks and valleys of your embossed stocks, producing high-density images for custom and premium applications.

## MORE SAVINGS

Canon's strong commitment to the environment is evident in its product design. A combination of fusing technologies and low-melting-point toner helps minimize power requirements.

### Save Power

iPR C265 is designed to demand low power consumption of 2kW (for Standard Configuration\*) which makes it easy to fit in existing setups.

### Save Space

With standard feeding options on minimum configuration, iPR C265 takes less space to suit in any print environment.

# TECHNOLOGY OVERVIEW

## R-VCSEL LASER TECHNOLOGY

Advanced 24-beam red VCSEL laser delivers 2400 x 2400dpi, 190Ipi, outputting detailed color images with outstanding definition at high speeds.

## MULTI D.A.T. TECHNOLOGY

Multi-gradation density patches are measured and corrected during production automatically, which helps ensure consistent halftones during production.

## LOOP SENSOR CONTROL

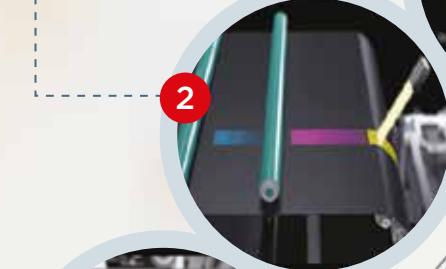

Controls media alignment throughout the printing process to help maintain high quality on heavy, coated, and banner stocks.

## SECURITY FEATURES

Control who has access to the device — and to which features — using a host of flexible authentication methods, such as picture log-in, PIN code, user name/password, or card access.<sup>5</sup>

## WORKFLOW EFFICIENCY

A unique, customized experience tailored to individual preferences is delivered on a 25.65cm(10.1inch) intuitive touch-screen.

## TRANSLUCENT CV TONER

Helps produce consistent, vivid, and crisp images on a wide range of media with a realistic, offset-like finish.

## COATED IMAGING TRANSFER BELT

Flexible belt presses the toner into the media, enabling a high-density image transfer onto embossed stocks.

## DEVICE AND FLEET MANAGEMENT<sup>5</sup>

Extend the functionality of the engine by adding access control, simple cloud scanning capabilities, and integrated cost tracking.

## COST MANAGEMENT<sup>5</sup>

Apply print policies and restrict usage by user to help reduce unnecessary printing and contribute to cost efficiency.

<sup>5</sup> Optional accessories may be required.
