

Fabric Dyeing Machine

Fabric Dyeing Machine

Special Feature

- Liquor ratio 1:1 (Wet Fabrics)
- Maximum temperature 135° c
- Maximum capacity
50, 100, 150, 200, 300, 400, 500 Kgs.
- Highly corrosion resistant stainless steel AISI 316-L
- Achievement of high quality fabrics with reduced pilling and tension.
- Advance level indication.
