JJ HI-TECH
AUTOMATION & MACHINERIES

SEMI AUTOMATIC **CHAPATI MAKER** (DOUBLE PRESS)

Product Catalogue

- **Hygienic, Time-Saving Chapati Production.**
- **Produces Semi-Cooked Or Fully Cooked Chapatis.**
- **Adjustable Temperature Control For Heating Elements.**
- **Consistent Diameter, Shape, And Thickness.**
- **Less Workforce Required And Faster Cooking Time.**

JJ HI-TECH
AUTOMATION & MACHINERIES

01 DOUGH KNEADING MACHINE

- Capacity: 10Kgs (1st GRADE)
- Structure: SS304 With Casting
- Motor: 1.0 H.P AC Induction Motor
- Power: 0.7KW, 230/440V, 50Hz AC Supply
- Size: 2.5L x 1.5W x 2.5H in Feet & Weight: 135Kgs

02 CHAPATI BALL CUTTING MACHINE

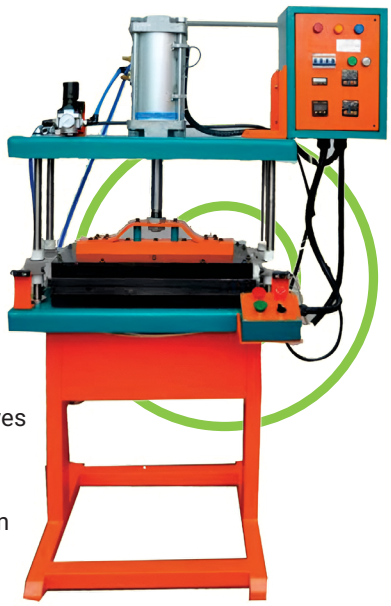

(PNUEMATIC)

- Production Capacity: 1800 - 2400 Pcs per Hour
- Structure: SS304 With MS Powder Coated
- Dough Capacity: 5kgs
- Weight Accuracy: 2 Gms & Weight Adjusting: 15Gms - 55Gms
- Operation: Pneumatic Cylinder with Control Valves
- Power: 0.4Kw/230V, 50Hz AC Supply
- Size: 2.5L x1.5W x 6.5H in Feet & Weight: 75Kgs

03 CHAPATI DOUBLE BALL PRESSING MACHINE

(PNUEMATIC)

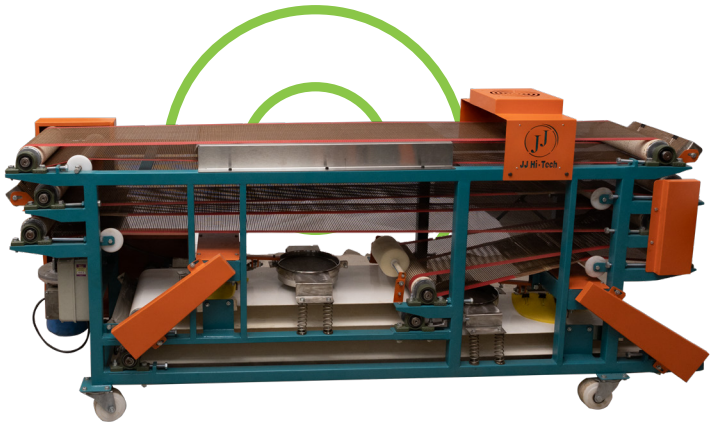

- Production Capacity: 1000 - 1200Pcs per Hour.
- Structure: MS Powder Coated
- Die Plate: Aluminum with Teflon Coating 620x320x25mm -2nos
- Heater Power: Aluminum Molded 1500W - 4nos
- Control Panel: Provided for Adjusting Temperature & Time
- Operation: Pneumatic Cylinder with Control Valves
- Size of Chapatti: 4” to 9” Adjustable
- Power: 6Kw/415V,50Hz AC Supply
- Size: 3.0L x 2.0W x 6.5H in Feet & Weight: 260Kgs

04

CHAPATI COOLING & POWDERING CONVEYOR

(5 STAGE)

JJ HI-TECH
AUTOMATION & MACHINERIES

- Structure: MS Powder Coated
- Operation: Induction Motor with synthetic oil filled Gear Box
- Motor Power: 1.0HP Along with L&T D.O.L Starter.
- Conveyor Stages: 5 Stages (3-Cooling & 2-Powdering)
- Belt: Teflon Mesh with PVC
- Power:0.75Kw, 440V,50Hz AC Supply
- Size: 8.0L x 2.0W x 3.0H in Feet, Weight: 210Kgs

05

AIR COMPRESSOR

(ELGi Make)

- Type: Reciprocating – Direct Drive
- Capacity: 220Ltr Tank
- Structure: MS Powder Coated
- Motor Power : 5.0 H.P
- Power: 3.7Kw/415V, 50Hz AC Supply
- Size: 4.0L x 2.0W x 3.0H in Feet Weight: 240Kgs

06

SEALING MACHINE

- Capacity: 250 - 300 Packets/Hour
- Material: PP, PDE, HPDE, PVC
- Motor Power: 250Watts DC Motor
- Power: 1Kw/ 230V,50Hz AC Supply
- Size: 1.5L x 0.5W x 1.0H in Feet Weight : 30Kgs

About
JJ Hi-Tech Automation and Machineries

We have been in business since 2015. We earned name and fame among our clients for producing, selling, and exporting an extensive range of food-making machines of the highest caliber.

Our team focuses sharply on the market's competition, which helps retain a competitive edge. Our team coordinatively works for the quality assurance of the products. Quality maintenance extends beyond production to product delivery.

Products of JJ Hi-Tech Automation & Machineries are available in a range of capacities, shapes, and sizes and are acclaimed for their perfect finishing, durability, and dimensional precision.

Crafting Precision And Durability In Every Food-Making Machine Since 2015.

ISO 9001:2015

Ceritified Company

OUR MISSION

We work hard to establish ourselves as the premier provider of food processing equipment and hope to win over clients with our thoughtful, one-stop service. To rank first on the global food machinery suppliers list, we are broadening our product range by conducting market research and creating long-term partnerships.

OUR VISION

We believe in establishing a long-term, mutually beneficial relationship with our clients by offering them an array of high-quality food processing equipment at competitive pricing. We focus on expanding our business into new, unexplored areas.

Why Choose JJ Hi-Tech Automation and Machineries?

- Dynamic Design
- Quality
- Less Maintenance
- Skilled Technicians
- Cost-Effective
- Best Services

Leading Food Processing Machine Manufacturing Company in Coimbatore
