## ABOUT US >>

Maxin India – Shredding machinery manufacturer is dedicated in providing reliable solutions in waste management through new technology and innovation. We are one of the leading manufacturer of Heavy Duty Industrial Shredding machines. Our company is located at Coimbatore, Tamilnadu (India) with more than 27 year's experience in designing and development of machineries. Our manufacturing process has been graded the best with highly skilled and qualified workforce. Our shredding machine is user friendly to process many type of waste materials. We manually design and offer our machines to clients as per their customised demands. Our services includes timely delivery, quick installation and commencement of the machine with training to operate the machine effectively.

## MACHINERY OVERVIEW >>

Maxin India shredding technology is used to transform the waste material into Bio - Waste, Recycle Plastic Waste, and Minimise E - Waste transit and are reused in Plastic Industries. Here the size reduction technology has been utilized to process large objects into a small consistent size for more efficiency. This technological solution deals with the MSW/RDF/AFR Waste, Metal & Aluminium Scrap, Plastics & FRP Waste, Wooden Pallet & Other Wood Waste, Paper & Cardboard Box Waste, Agriculture & Organic Waste, Fabric, Cloth & Foam Waste, E – Waste, Rubber & Tyre Waste, Bone, Chicken, Fish & Animal Hide Waste, Bio - Medical Waste or data storage media.

Maxin India Shredder components are Engineered and handled for rugged application for Long - Lasting reliability. Machine working with high torque, low noise without dust. Maxin India cutters are manufactured from high alloy steel, heat treated and grinded for long life.

This machine is user friendly and can be easily handled with a single individual, the fine features of the machine are...

- ☆ High Grade Cutters with Double Stage Cleaner.
- ☆ Built with Heavy Duty Tapered Roller Bearing
- ☆ Chain Coupling Drive
- ☆ Helical Gear Box
- ☆ IE2 - Foot Cum Flange Mount Motor
- ☆ Auto Reverse System
- ☆ Heavy Duty Automatic Control Panel with VFD Systems
- ☆ Over Load Alarm Indication
- ☆ Easy Feeding System
- ☆ Fabricated with Highly Safety Aspects

## R & D AND QUALITY >>

We have our own designing with Quality Control (QC) and Research & Development (R & D) department with skilled workforce to present new machineries in the market.

Maxin India always believe to build up customised shredder where customers are fulfilling them requirements from customized suggestion after successful trials at our end.

Our team always stand with customers for providing them online & Offline supports suggestions operational methods and other technical tips, according to handling different kind of materials.

We have sound technical team for the after-sales support, helps ensure that a customer gets as much use and value as possible out of their purchase. This may entail training on existing features or education about new uses or capabilities. The business reasoning behind after-sales support is that it can contribute to brand loyalty and repeat sales. Happier customers tend to create repeat customers. Good after-sales services can also result in positive word of mouth for our company. We have an exclusive customer care department for your service across India and Overseas.

# Maxin India Hodis - 250 ECO - Heavy Duty Industrial Shredding Machine

## TECHNICAL SPECIFICATIONS

### MACHINE

Height : 1020 mm

Length : 1640 mm

Width : 1000 mm

### HOPPER

Height : 700 mm

Length : 640 mm

Width : 740 mm

Cutting Area : 250 mm X 400 mm

Cutter Dia : 200 mm

Power : 10 HP/15 HP (3 Phase)

Machine Weight : 600 Kg's (Approx)

## MATERIALS CAN BE SHREDDED

- ★ Green & Organic Waste
- ★ Small Bones
- ★ Chicken Waste
- ★ Fish Waste
- ★ Paper & Thin Books
- ★ Corrugated Box
- ★ Plastic Pouches
- ★ Fabric Waste
- ★ E-Waste
- ★ Small PCB
- ★ Small Wood
- ★ Wood Veneer Waste
- ★ Bio Medical Waste
