Introduction

MediClave
INDUSTRIES PVT. LTD.

CLEAN.SAFE.STERILE - THE MEDICLAVE PROMISE

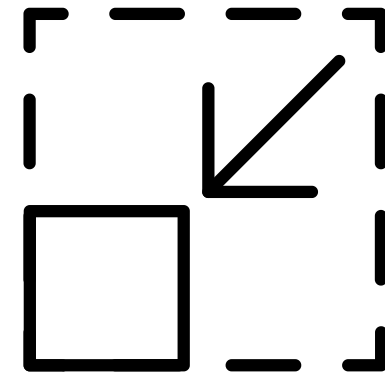

Our Strength

Modular design

Lower consumptions

Reduced footprint

Choice of best-known components

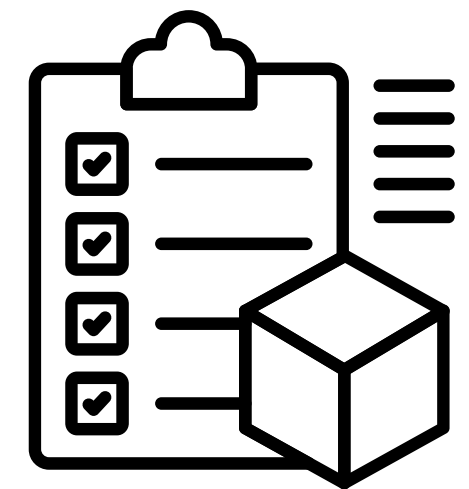

**Data integration according to
FDA - 21 CFR PART 11**

**Documentation in
compliance with GMP**

Timely delivery

**Process program
customization**

About us

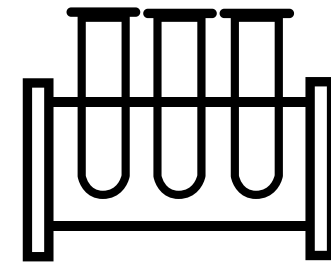

- Established in the 2014 by the name of Shiv Machinery, diversified in 2020 dedicatedly for Pharmaceuticals.
- A 30,000 sq.ft, 32 skilled working professional - export ready, manufacturing excellence situated on the outskirts of Ahmedabad, easily accessible.
- From Terminal to Steam sterilizers to Preparation vessels to water systems - one complete portfolio, engineered to meet requirement.

Product Portfolio

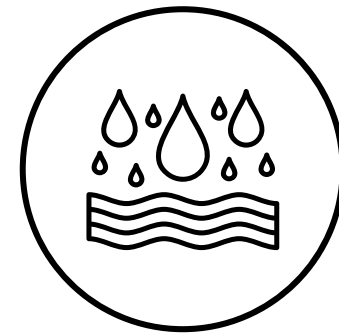

- 1. Sterilization**
- 2. Process vessel**
- 3. Water system**
- 4. Independent skids**
- 5. Services**

1. Sterilization

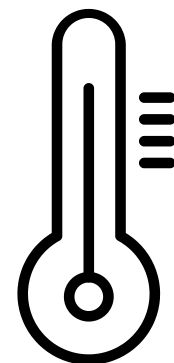

Saturated steam sterilizer

For porous, non-porous & liquid loads

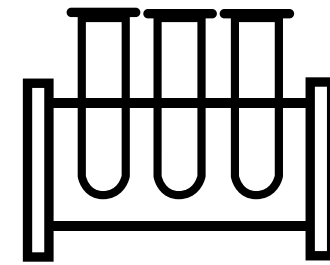

Saturated steam

121 to 134 degree celsius

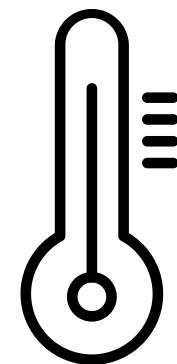

Terminal sterilizer

For Liquid loads

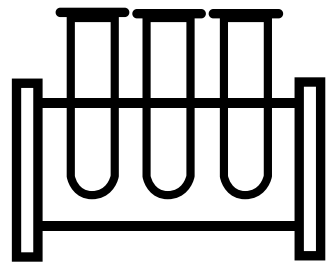

Mixed steam + air

121 to 134 degree celsius

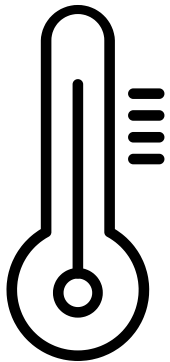

Closure Processor

For porous & non porous loads

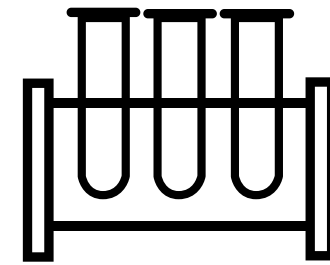

Water + detergent +
silicone + saturated steam + air

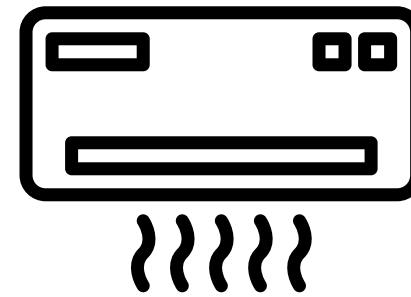

Room temperature to
121 degree celsius

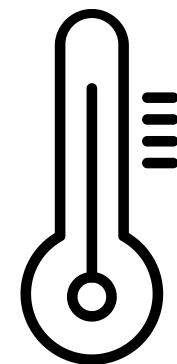

Dry heat sterilizer

For solid loads

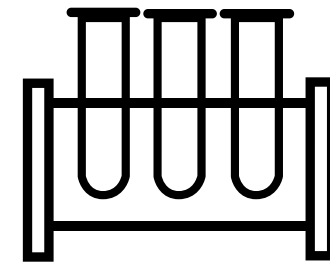

Hot air

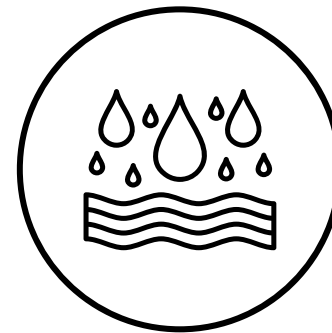

250 to 300 degree celcius

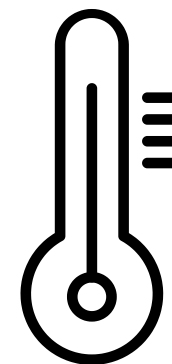

Superheated water shower

For Liquid loads

Superheated water

121 degree celsius

2. Process vessels

Sterile preparation skid

Heating & cooling option

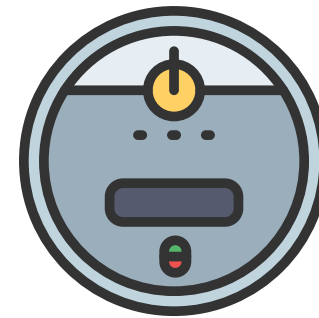

Customised according to
requirement

100 % drainability

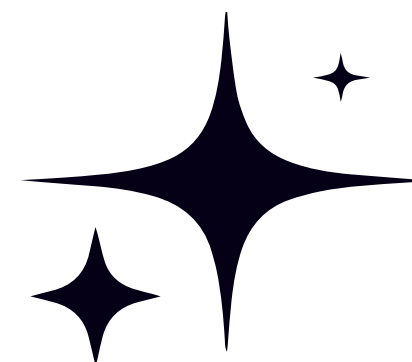

Oral syrup preparation

Vacuumized process enables

Customised according to
requirement

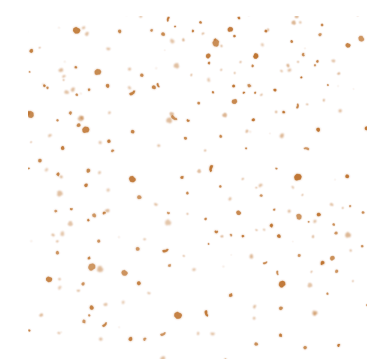

100 % cleanability

Viscous preparation

High product transfer rate

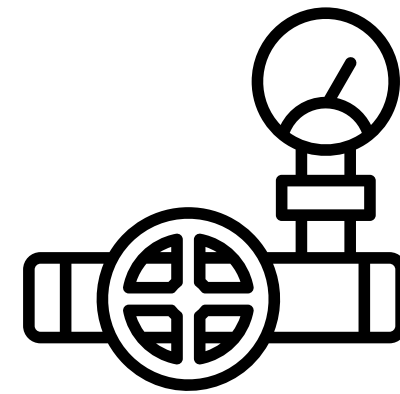

Particle size reduction
upto 10 microns

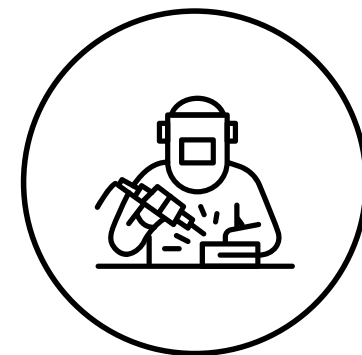

User frinedly
HMI operations

3. Water systems

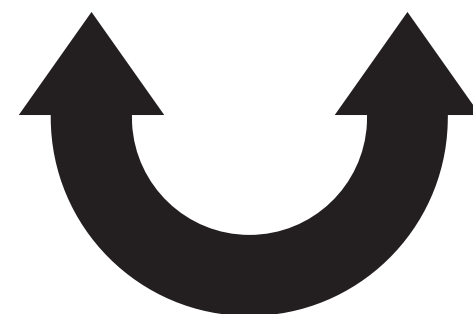

Multi-column distillation unit

Pure steam generation port

100 % orbital welded tube joints

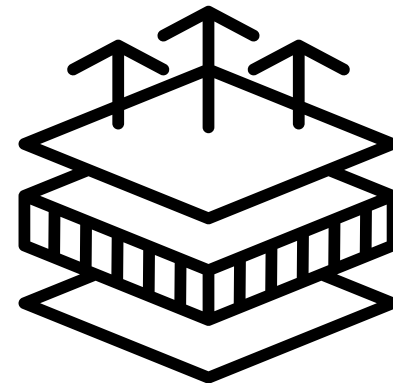

Flexible capacities

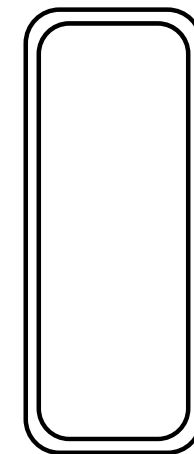

3. Water systems

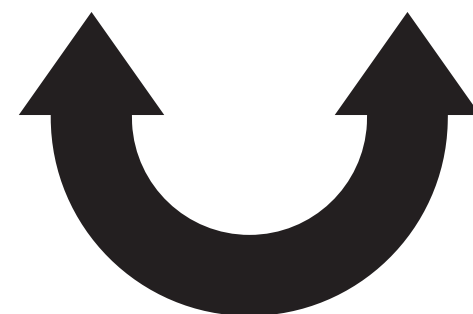

Pure steam generator

30 cm to 50 cm mineral wool insulation

In-built NCGR column

Flexible capacities

4. Independent SIP / CIP Skids

- 50 L to 3000 L, capacity to suit your all needs
- Customization type flow
- Available with mobility options

4. VAS-Value adding services

FATify

Procurtrust
