

Anti Cancer Medicine

Sirolimus tablets, commonly known by the brand name Rapamune, are a medication belonging to the class of drugs called mTOR inhibitors. Sirolimus is primarily used as an immunosuppressant to prevent organ rejection in patients who have received kidney transplants.

Composition: Sirolimus

Minimum Quantity Order: 10 Strips

Doses: Variable

Country of Origin: India

Strength: 1 MG

Shelf Life: 24 Months

Dasatinib tablets are a medication used in the treatment of certain types of cancers, particularly those that are driven by specific genetic mutations. The active ingredient in dasatinib tablets is dasatinib, which belongs to a class of drugs known as tyrosine kinase inhibitors.

Composition: Dasatinib

Minimum Quantity Order: 10 Strips

Doses: Variable

Country of Origin: India

Strength: 100 MG

Shelf Life: 24 Months

Rapacan 1mg Tablet is used for prevention of organ rejection in transplant patients. It regulates the body's immune response, so the body can accept the new organ. Rapacan 1mg Tablet must be taken in a dose and duration as per the prescription.

Composition: Sirolimus

Minimum Quantity Order: 10 Strips

Doses: Variable

Country of Origin: India

Strength: 1 MG

Shelf Life: 24 Months

Anti Cancer Injections

Keytruda, also known by its generic name pembrolizumab, is a medication classified as an immune checkpoint inhibitor used in cancer treatment. It targets and blocks the programmed death receptor-1 (PD-1) protein in immune cells, allowing the immune system to recognize and attack cancer cells more effectively.

Composition: Pembrolizumab

Minimum Quantity Order: 5 Vials

Doses: Variable

Country of Origin: India

Strength: 100 MG

Shelf Life: 24 Months

Erectile Dysfunction Medicine

Cenforce 100 is a medication used to treat erectile dysfunction (ED) in men. It contains the active ingredient sildenafil citrate, which is a phosphodiesterase type 5 (PDE5) inhibitor. Cenforce 100 works by relaxing the blood vessels in the penis, allowing for increased blood flow during sexual stimulation.

Composition: Sildenafil Citrate

Minimum Quantity Order:10 Strips

Doses:Variable

Country of Origin:India

Strength:100 MG

Shelf Life:24 Months

Vidalista is a medication used to treat erectile dysfunction (ED) in men. It contains the active ingredient tadalafil, which is a phosphodiesterase type 5 (PDE5) inhibitor. Vidalista works by relaxing the blood vessels in the penis, allowing for increased blood flow during sexual stimulation.

Composition: Tadalafil

Minimum Quantity Order:10 Strips

Doses: Variable

Country of Origin:India

Strength:60 MG

Shelf Life:24 Months

Sildalist tablets are a medication used to treat erectile dysfunction (ED) in men. They contain a combination of two active ingredients: sildenafil citrate and tadalafil. Sildenafil citrate is a phosphodiesterase type 5 (PDE5) inhibitor, while tadalafil is also a PDE5 inhibitor but belongs to a different subclass.

Composition: Sildenafil Citrate

Minimum Quantity Order:10 Strips

Doses:Variable

Country of Origin:India

Strength:120 MG

Shelf Life:24 Months

Kamagra (commonly known as Kamagra) is a medication used to treat erectile dysfunction (ED) in men. It contains the active ingredient sildenafil citrate, which is a phosphodiesterase type 5 (PDE5) inhibitor. Kamagra works by relaxing the blood vessels in the penis, allowing for increased blood flow during sexual stimulation.

Composition: Sildenafil Citrate

Minimum Quantity Order:10 Strips

Doses: Variable

Country of Origin:India

Strength:60 MG

Shelf Life:24 Months

Anti Anxiety And Anti Depressants

Zopiclone is a medication commonly prescribed for the short-term treatment of insomnia. It belongs to the class of drugs known as sedative-hypnotics, specifically classified as a cyclopyrrolone compound.

Composition: Zopiclone

Minimum Quantity Order:10 Strips

Doses:7.5 mg

Country of Origin:India

Strength:7.5 mg

Shelf Life:24 Months

Melatonin tablets are a dietary supplement commonly used to regulate sleep-wake cycles and promote healthy sleep. Melatonin is a hormone naturally produced by the pineal gland in the brain, which helps regulate the body's internal clock.

Composition: Melatonin

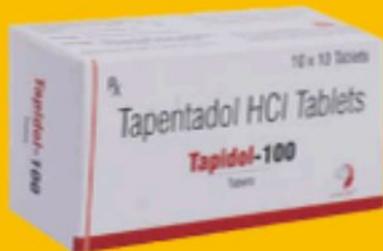

Minimum Quantity Order:10 Strips

Doses: 10 MG

Country of Origin:India

Strength:10 MG

Shelf Life:24 Months

Tapentadol is a medication belonging to the class of drugs known as opioid analgesics. It is used for the management of moderate to severe pain when other pain relievers are inadequate.

Composition: Tapentadol hydrochloride

Minimum Quantity Order:10 Strips

Doses:Variable

Country of Origin:India

Strength:100 MG

Shelf Life:24 Months

Pharmaceutical Tablets

Minoxidil is a medication primarily used to promote hair growth and treat hair loss conditions such as androgenetic alopecia (male or female pattern baldness). It is available in topical solution or foam form for direct application to the scalp.

Composition: Minoxidil

Minimum Quantity Order:1 Vial

Doses: Variable

Country of Origin:India

Strength: Variable

Shelf Life:24 Months

Finasteride is a medication used for the treatment of male pattern baldness and benign prostatic hyperplasia (BPH). It works by inhibiting the conversion of testosterone to dihydrotestosterone (DHT), which is responsible for hair loss and prostate enlargement.

Composition: Finasteride

Minimum Quantity Order:10 Strips

Doses: Variable

Country of Origin:India

Strength:5 MG

Shelf Life:24 Months

Naltrexone is a medication used primarily in the treatment of alcohol and opioid dependence. It belongs to a class of drugs known as opioid antagonists. The composition of Naltrexone includes the active ingredient naltrexone hydrochloride.

Composition: Naltrexone hydrochloride

Minimum Quantity Order:10 Strips

Doses:Variable

Country of Origin:India

Strength:50 MG

Shelf Life:24 Months

Fenbendazole is an anthelmintic medication primarily used in veterinary medicine to treat parasitic infestations in animals. It belongs to the benzimidazole class of drugs. The composition of Fenbendazole includes the active ingredient fenbendazole.

Composition: Fenbendazole

Minimum Quantity Order:10 Strips

Doses: Variable

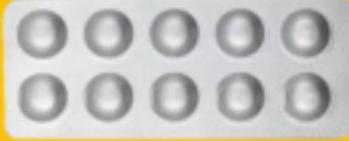

Country of Origin:India

Strength:150 MG

Shelf Life:24 Months

Covid Care

Ivermectin is a medication commonly used in veterinary and human medicine to treat and prevent parasitic infestations. It belongs to the class of drugs known as macrocyclic lactones.

Composition: Ivermectin

Doses: Variable

Strength: Variable

Minimum Quantity Order:10 Strips

Country of Origin:India

Shelf Life:24 Months

Azithromycin is an antibiotic medication belonging to the class of drugs known as macrolides. It is commonly prescribed to treat various bacterial infections. The composition of Azithromycin includes the active ingredient azithromycin dihydrate.

Composition: Azithromycin

Doses: Variable

Strength:500 MG

Minimum Quantity Order:10 Strips

Country of Origin:India

Shelf Life:24 Months

Primovir Tablet is a medication that contains the active ingredient famciclovir. Famciclovir is an antiviral medication used for the treatment of certain viral infections, including herpes simplex virus (HSV) infections and herpes zoster (shingles). It works by stopping the growth and spread of the virus in the body.

Composition: Nirmatrelvir

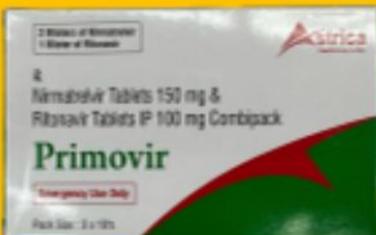

Doses:Variable

Strength:150 MG

Minimum Quantity Order:10 Strips

Country of Origin:India

Shelf Life:24 Months

Amoxicillin is a widely used antibiotic medication belonging to the penicillin group. It is commonly prescribed for the treatment of various bacterial infections, including respiratory tract infections (such as pneumonia and bronchitis), urinary tract infections, skin infections, and certain types of ear and throat infections.

Composition: Antibiotic

Doses: Variable

Strength:500 MG

Minimum Quantity Order:10 Strips

Country of Origin:India

Shelf Life:24 Months

Antibiotics and Anti-Bacterial Drugs

Artesunate is an antimalarial medication that is primarily used for the treatment of malaria caused by *Plasmodium falciparum*, which is the most dangerous species of the malaria parasite. It belongs to the artemisinin class of drugs, which are known for their potent antimalarial properties.

Composition: Antimalarial medication Minimum Quantity Order:10 Strips
Doses: Variable Country of Origin:India
Strength: 100MG Shelf Life:24 Months

Tacrolimus is an immunosuppressive medication that is commonly used to prevent organ rejection in patients who have undergone organ transplantation. It belongs to a class of drugs known as calcineurin inhibitors, which work by suppressing the immune system to prevent it from attacking the transplanted organ.

Composition: Immunosuppressant Minimum Quantity Order:10 Strips
Doses: Variable Country of Origin:India
Strength:0.1% Shelf Life:24 Months

Carisoprodol is a muscle relaxant that is primarily used to alleviate pain and discomfort associated with musculoskeletal conditions, such as muscle spasms and injuries. It works by blocking pain sensations between the nerves and the brain, thereby providing relief and promoting relaxation of the muscles.

Composition: Muscle relaxant Minimum Quantity Order:10 Strips
Doses:Variable Country of Origin:India
Strength:500 MG Shelf Life:24 Months

Pregabalin is a medication that belongs to the class of drugs known as anticonvulsants or antiepileptics. It is primarily used to treat neuropathic pain, which is caused by damage or dysfunction of the nerves.

Composition: Pregabalin Minimum Quantity Order:10 Strips
Doses: Variable Country of Origin:India
Strength:300 MG Shelf Life:24 Months

Pharmaceutical Injections

Luprohhal is a pharmaceutical product that is used to treat various health conditions. It contains a specific combination of active ingredients that work together to provide therapeutic effects. The precise composition and usage instructions may vary depending on the specific formulation and intended use.

Composition: Leuprolide Acetate

Minimum Quantity Order:5 Vials

Doses: Variable

Country of Origin:India

Strength: 11.25MG

Shelf Life:24 Months

"Altaxel Nova" is a chemotherapy medication used for the treatment of various types of cancer, including breast cancer, non-small cell lung cancer, and pancreatic cancer. It contains the active ingredient paclitaxel, which works by interfering with the growth and spread of cancer cells.

Composition: paclitaxel

Minimum Quantity Order:5 Vials

Doses: Variable

Country of Origin:India

Strength:260 MG

Shelf Life:24 Months

Cetuximab is a medication used in the treatment of certain types of cancer. It belongs to a class of drugs known as monoclonal antibodies. Cetuximab works by targeting and blocking the activity of a protein called epidermal growth factor receptor (EGFR), which is found on the surface of cancer cells.

Composition: Cetuximab

Minimum Quantity Order:5 Vials

Doses:Variable

Country of Origin:India

Strength:100 MG

Shelf Life:24 Months

Genotropin is a brand name for the synthetic human growth hormone called somatotropin. It is composed of recombinant DNA technology and is identical to the growth hormone produced naturally in the body.

Composition: somatotropin

Minimum Quantity Order:10 Strips

Doses: Variable

Country of Origin:India

Strength:12 MG

Shelf Life:24 Months

Steroids

Anavar, also known by its generic name Oxandrolone, is an anabolic steroid that is used medically to promote weight gain in patients with certain medical conditions, such as severe burns, trauma, or chronic infections. It belongs to a class of drugs called androgens, which are synthetic variations of the male hormone testosterone.

Composition: Oxandrolone

Minimum Quantity Order:10 Strips

Doses: Variable

Country of Origin:India

Strength: 10MG

Shelf Life:24 Months

Acarbose is an oral medication used for the management of type 2 diabetes mellitus. It belongs to a class of drugs known as alpha-glucosidase inhibitors. Acarbose works by inhibiting certain enzymes in the digestive system that break down carbohydrates into glucose.

Composition: Acarbose

Minimum Quantity Order:10 Strips

Doses: Variable

Country of Origin:India

Strength:50 MG

Shelf Life:24 Months

Danabol, also known as Dianabol or Methandrostenolone, is an anabolic steroid that is used to enhance athletic performance and promote muscle growth. It is derived from testosterone and exhibits strong anabolic properties, making it popular among bodybuilders and athletes seeking to improve strength and muscle mass.

Composition: Methandrostenolone

Minimum Quantity Order:10 Strips

Doses:Variable

Country of Origin:India

Strength:10 MG

Shelf Life:24 Months

What our buyer says

TONY MILLER: ★★★★★

Excellent seller and company. Shops on time and product is very good. They give you what you ask. Recommend very highly

JOSH RIVER: ★★★★★

Great service, best staff.
highly recommend.

LEAF: ★★★★★

professional and polite thank you

★★★★★

SWISS CHEESE: I received my order a little later than expected but that was due to the holidays here in USA but they arrived and exactly what i ordered and a great price so give these guys a shot !! Great customer service and communication as well !!

JAMES: ★★★★★

Seller was perfect communication through the entire process. Made everything easy. Even got me tacking info right away. I will add Even better notes once items are received! thanks

CHRISTIAN ANDREY: ★★★★★

Very reliable, and super satisfaction service! I want to come back here again.

MICHAEL BRUUN: ★★★★★

Very helpful and fast shipping. Will definitely use this company in the future.

ALEX JONES: ★★★★★

Very responsiv, Good packaging. Can recommend.Exp.Date long. Parcel was misrouted in Europe but this was not seller fault. Thank you!
