SEALING MACHINE

(SEPACK MAKE)

Capacity:
250 - 300 Packets/Hour

Material:
PP, PDE, HPDE, PVC

Motor Power:
250Watts DC Motor

Power:
1Kw, 230V, 50Hz AC Supply

Size:
1.5L x 0.5W x 1.0H in Feet
Weight: 30Kgs

About

JJ Hi-Tech Automation and Machineries

We have been in business since 2015. We earned name and fame among our clients for producing, selling, and exporting an extensive range of food-making machines of the highest caliber.

Our team focuses sharply on the market's competition, which helps retain a competitive edge. Our team coordinatively works for the quality assurance of the products. Quality maintenance extends beyond production to product delivery.

Products of JJ Hi-Tech Automation & Machineries are available in a range of capacities, shapes, and sizes and are acclaimed for their perfect finishing, durability, and dimensional precision.

DYNAMIC DESIGN | **QUALITY** | **LESS MAINTENANCE**

SKILLED TECHNICIANS | **COST EFFECTIVE** | **BEST SERVICES**

Crafting Precision And Durability In Every Food-Making Machine Since 2015.

ISO 9001:2015
Ceritified Company

OUR OTHER PRODUCTS

Paratha | Malabar Paratha | Nool Paratha Making Machine
Chappathi Making Machine | Idly Dosa Batter Making Machine
Sevai Making Machine | All Type Commercial Kitchen Equipments

SEMI AUTOMATIC
PAROTTA MAKER

Product Catalogue

- **Hygienic, Time-Saving Parotta Production.**
- **Produces Semi-Cooked Parotta.**
- **Adjustable Temperature Control For Heating Elements.**
- **Consistent Diameter, Shape, And Thickness.**
- **Less Workforce Required And Faster Cooking Time.**

DOUGH KNEADING MACHINE

01

Capacity: 10Kgs (1st GRADE)

Structure: SS304 With Casting

Motor: 1.0 H.P AC Induction Motor

Power: 0.7KW, 230/440V, 50Hz AC Supply

Size: 2.5L x 1.5W x 2.5 H in Inches & Weight: 135Kgs

PAROTTA SHEET MAKING MACHINE

(PNUEMATIC / SINGLE LAYER)

02

Production Capacity: 500 - 600Pcs per Hour

Structure: SS304 With MS Powder Coated

Dough Pipe: Dia170 x 400mm Long – 1No (8kgs Capacity)

Die Plate: 410 x 150mm SS Plate with Wire Cutting

Sheet Size: 320mm Long / Width Adjustable

Sheet Thickness: 0.7–1.2mm As Per Requirement

Weight Accuracy: 3Gms & Weight Adjusting: 20-120gms

Operation: Pneumatic Cylinder with Control Valves

Conveyor: 0.5HP Induction Motor with Speed Control

Conveyor Belt: Food Grade Poly Urethane

Power: 0.4Kw,230V,50Hz AC Supply

Size: 8.0L x2.0W x 8.5H in Feet & Weight: 320Kgs

PAROTTA BALL PRESSING MACHINE

(PNUEMATIC / DOUBLE)

03

Production Capacity: 1000 - 1200Pcs per Hour

Structure: MS Powder Coated

Die Plate: Aluminium with Teflon Coating 600x400 - 2nos

Heater Power: Aluminium Moulded 1500W - 4nos

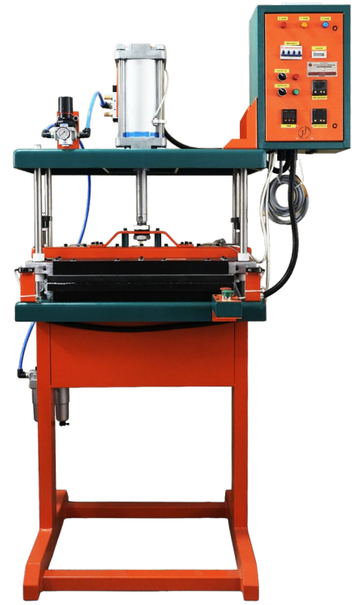

Control Panel: Provided for Adjusting Temperature & Time

Operation: Pneumatic Cylinder with Control Valves

Size of Parotta: 4” to 9” Adjustable

Power: 6Kw/415V,50Hz AC Supply

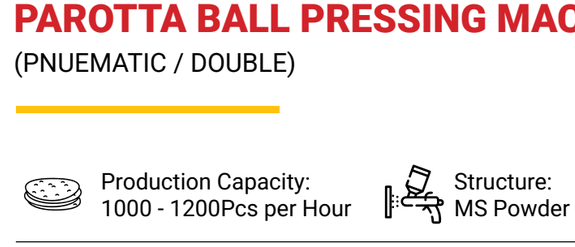

Size: 3.0L x 2.0W x 6.5H in Feet, Weight: 260Kgs

PAROTTA COOLING CONVEYOR

(3-STAGE)

04

Structure: MS Powder Coated

Operation: Induction Motor with synthetic oil filled Gear Box

Belt: Teflon Mesh with PVC

Motor Power: 0.5HP Along with L&T D.O.L Starter.

Power: 0.75Kw/415V, 50Hz AC Supply

Size: 8.0L x 2.0W x 3.0H in Feet, Weight: 160Kgs

AIR COMPRESSOR (ELGi Make)

05

Type: Reciprocating Direct Drive

Capacity: 5.0HP / 220Ltr Tank

Structure: MS Powder Coated

Power: 3.7Kw/415V,50Hz AC Supply

Size: 4.0L x 2.0W x 3.0H in Feet, Weight: 240Kgs
