SAI ENGINEERING'S

ABOUT US

The SAI ENGINEERING is fastest growing group of business. Manufacturing & supply all types of Fittings (Hydraulics, Tube, Weld, Quick) & valves, Gas Handling Accessories & Gas Handling System under one roof. we've succeeded in establishing mutually beneficial engagements with Original Equipment Manufacturers (OEMs) from around the world. Our state-of-the-art facilities have enabled us to emerge as a leading supplier with the capacity to manufacture various fittings And Valves components

We are having 5,000 sq. Ft. build area with Design and Development & manufacturing facility. We have the expertise and experience to provide complete engineering solution to meet the growing need of various automotive and engineering industries.

Our Mission Statement

Our mission is to be the global leader in providing products and services which optimize the performance, controllability and safety.

We achieve this goal by employing a highly talented workforce and providing them with a collaborative and challenging environment. Our associates recognize that we are the part of a larger community and must act responsibly to protect our environment, work safely and respect all stakeholders.

Our Vision

To be rank amongst one of the leading Fittings & Valves machined components manufacturers

Core Values

Personal and corporate Integrity –Maintain the highest level of integrity in our relationship with employees, Customers, Suppliers and member of the community.

Economic Value Creation-Our survival depends on our ability to provide unique product and services that our customers value more than the competition

Practical Innovation: -Consistently and creatively push the boundary of what is possible in ways that create immediate value for our customers.

QUALITY POLICY

We at SAI ENGINEERING are committed to Manufacture and Supply of Fittings (Hydraulics, Tube, Weld, Quick) & valves, Gas Handling Accessories & Gas Handling System as per Customer's Requirements.

We the Team of SAI ENGINEERING are committed for Enhancing Customer Satisfaction by Providing consistent Quality Products and Compliance of Applicable Requirements.

We are committed to maintain and continually improve the quality of our products, Processes and Systems with keeping upgrade our Personnel through training, motivation and latest technology.

We will strive to excel continually in our performance through implementation of our Quality Management System in accordance with the requirements of international standard an EN ISO 9001:2015

Certificate of Registration

(Quality Management System)

KVQA CERTIFICATION SERVICES PVT. LTD.

This is to certify that the Quality Management System of

SAI ENGINEERING

Office:- A/P Loni Kd. Ashirwad Building, Talegaon Road, Tal. Rahata,
Dist. Ahmednagar -413713, Maharashtra, India.

Factory:- Gat No. 182, Alandi Markai Road, Dhanore Khed, Pune -412105,
Maharashtra, India

Has been found to be of the Quality Management System Standard

ISO 9001:2015

This certificate is valid for the following product or service range

**Manufacturing, Installation & Supply of Industrial
Gas Fittings and Valves.**

1st Surveillance Done On: 12/02/2024
2nd Surveillance Done On: 07/01/2025

Certificate No: KDACQ202302012

Date Of Issue: 02, February, 2023

Valid Until: 01, February, 2026*

Issued by

Authorised signatory KVQA

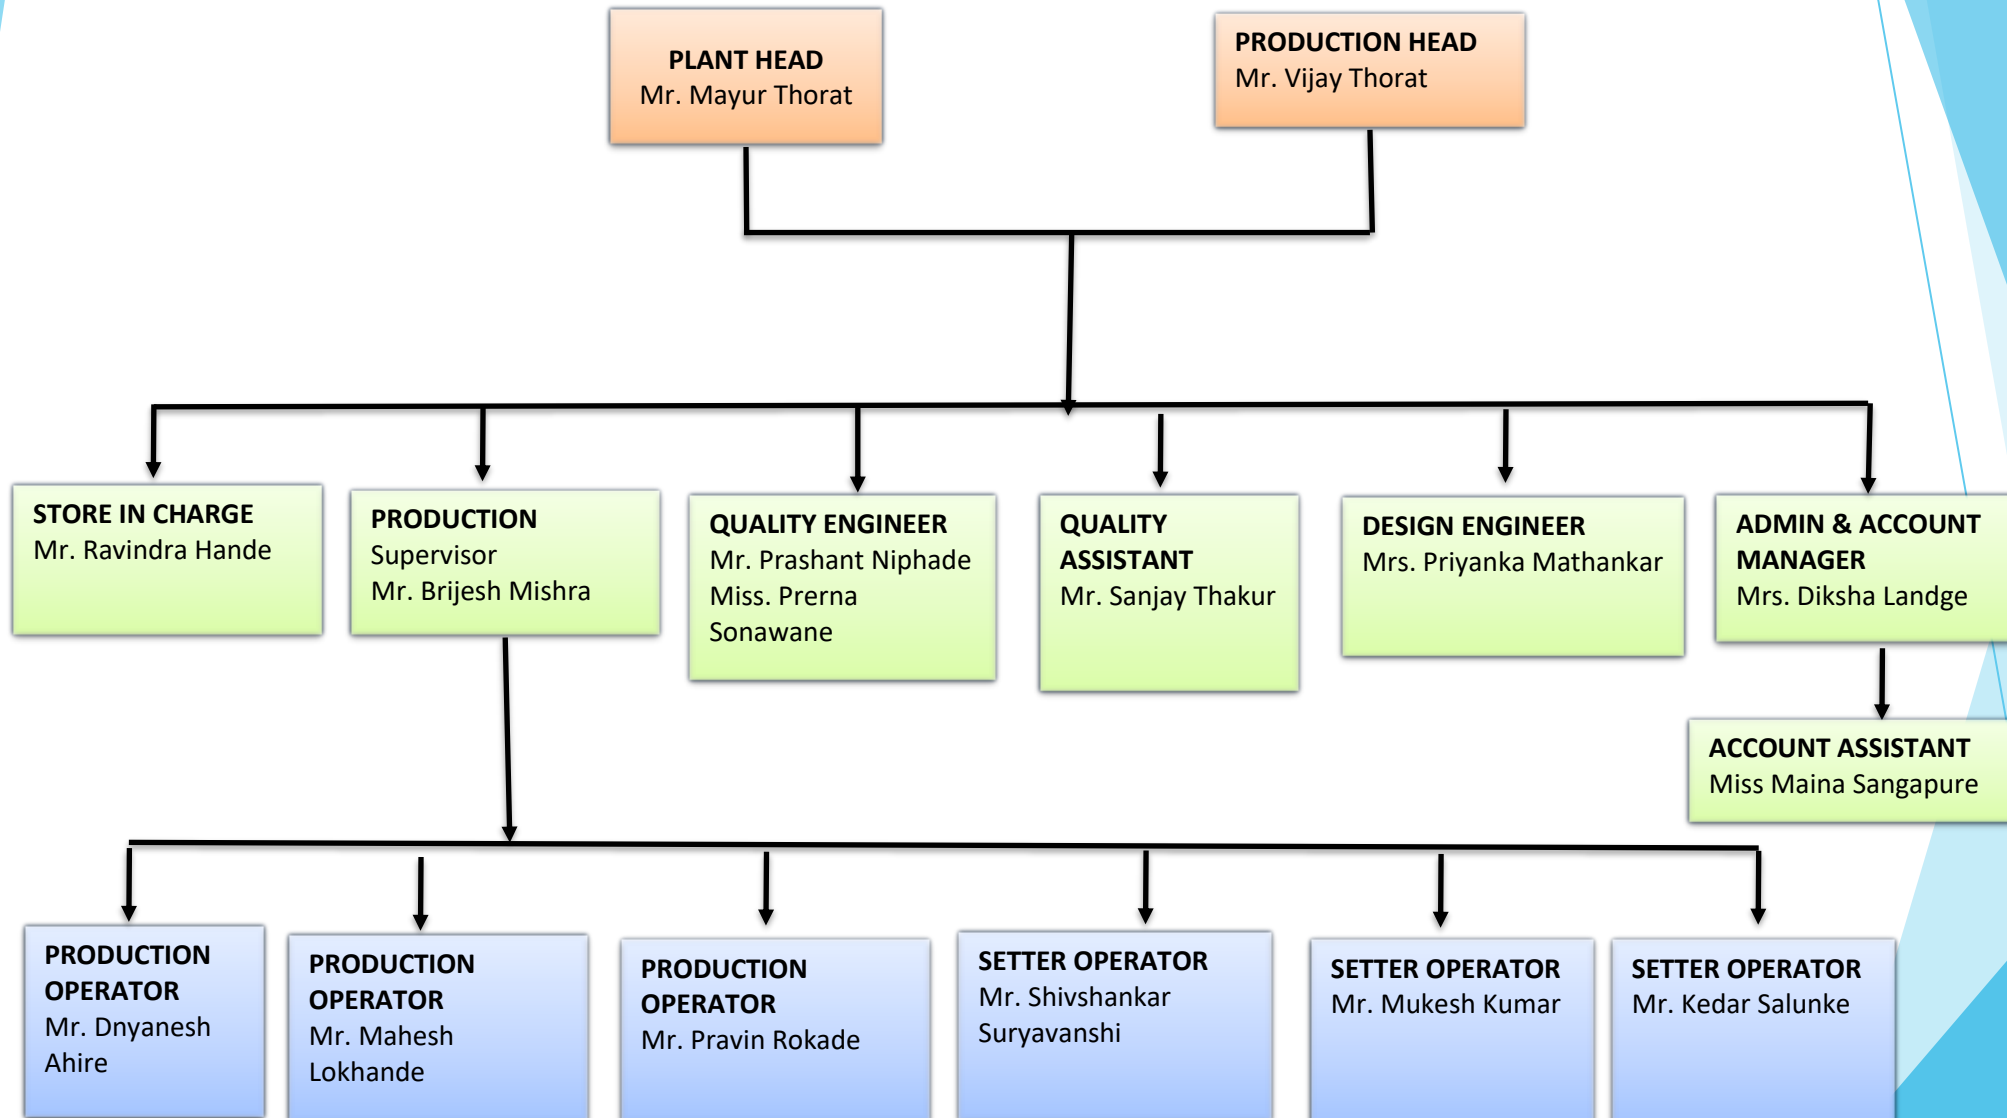

CB-QMS-045

To Check the Status of the Certification kindly log on to www.kvqa.in

ORGANIZATION CHART

MACHINERY LIST

TYPE OF MACHINE	MAKE	SR.NO	MACHINE NO.	SERIAL NO.	SPECIFICATION
CUTTING MACHINE	KISMAT	1	CUTTING -1	-----	Use for Cutting the Raw material with Define Size asper the Customer requirement for SS, MS, Brass, Aluminum
	JASJIT MACHINERY CORPORATION	2	CUTTING -2	22230031	
DRILLING	KISMAT	2	DRILLING-1	-----	Use for Drill the Hole with Define Size as per Customer requirement for SS, MS, Brass, Aluminum
LATH	DEEP RAJKOT	3	LATH-1	-----	Pre- Turning use for the Turning process as well as Central Drilling
CNC TURNING	LMW	4	CNC-1	S120-00716	CNC is the Programing Machining system use for the Make the Different part with Define Size with Programing, it working with Tooling and Tool tourer for the Machining Having Different Part Size
		5	CNC-2	S120-00544	
		6	CNC-3	S220-00401	
		7	CNC-4	S220 - 16444610	
		8	CNC-5	30278C	
	TSUGAMI	8	CNC-5	30278C	
GRINDING	KISMAT	9	GRINDING -1	-----	To improve the Surface finish as well as to remove the extra Material over the part Grinding machine is use
BUFFING	KISMAT	10	BUFFING-1	18192976	To improve the Surface finish as well as to remove the extra Material over the part Grinding machine is use
WASHING	RESONACE INTERPRISES	11	WASHING-1	-----	Ultra sonic Washing Machine use for Part cleaning with Hot Water to Remove the unwanted foreign material
HOSE CRIMPING MACHINE	ANISH	12	HOSE CRIMPING MACHINE-1	2021228160	Use for Hose Assembly for Crimping Process
