

SKY MARK

SH HITECH
SOLUTIONS

Its all about batch coding..

Small Character Inkjet Printer

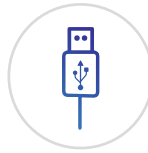

Minimize cost of ownership,
downtime, and maximize
8 printing lines.

up to 8 lines of code
with speed up to
740 letters/Sec
(5*7)

7.0 Inch LCD
with the
touch function

USB Interface,
RS232
communication
interface &
alarm speaker

Wide range of
bar codes
(including 2D
date matrix)

- Advanced auto-flush print head design maximizes uptime
- Advanced connectivity makes integration simpler (RS232, USB, RJ45, Wi-Fi) with alarm speaker
- IP 55 dust protection
- Lowest running Cost
- Simple to maintain
- #10000 Hr filter
- Replace-able main filter only
- Environmental Protection

The all new Skymark 009 – (Dye Based inks) continuous ink jet printers is planned to keep your line up and running longer its designed for customer who print multiple per day.

No Hidden Running Cost

Filter-No Locking System For Filter

SMART

Innovative Features-Such as print head calibration and clean itself

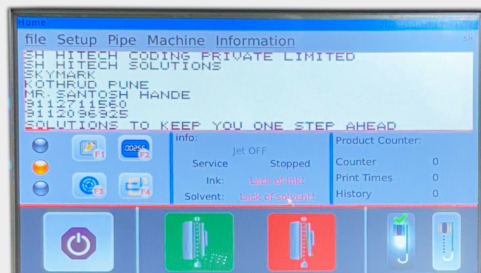

- Auto- cleaning design allows for longer print runs
- Automatic print head setup, calibration and adjustment
- Ensure consistent performance
- Plug and play print head module makes service quick and easy

SHARP

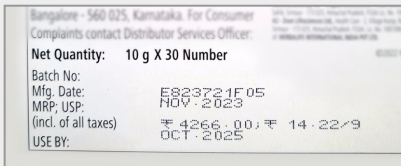

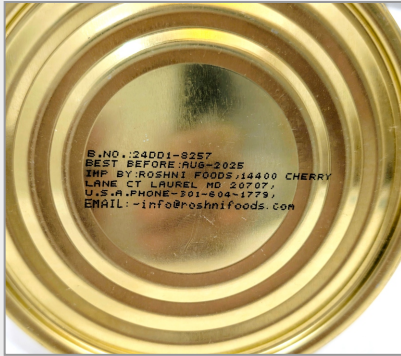

Machine DisplayThe Skymark-SO09 line produces the sharpest codes in the industry

- Delivers drop placement accuracy for best-in-class print quality
- Maintains consistent code quality in any environment

Technical Specifications

Print Specification	Can print 1 to 8 lines
Line Speed Capability	740 letters/Sec (5*7)
Font Matrix	1) Single-line 5x5, 7x5, 9x7, 11x7, 15x11, 23x15, 32x24 2) Twin line 5x5, 7x5, 9x7, 11x7, 15x11 3) Tri line 5x5, 7x5, 9x7 4) Quad-line 5x5, 7x5 5) Eight Line 5x5
Throw Distance	20 mm
Storage of the Message	Max storage of 1000
Operating Interface	English display
Jet Printing Content	Auto jet printing of date, time, lot number, counter
Communication Interface	RS232 & USB
Ink Used	Dye based inks (Black)
No. of Characters/Lit	70,000,000
Moisture Range	Under 90% RH
External Dimension	246x338x550 mm
Weight of Machine	27 Kg
Power Specification	AC 220V, 50HZ, 100VA
Umbilical Length	Umbilical length 3 Mtr
Print Head	Diameter 42 mm
Display	7.0 Inch LCD with touch function
