ABOUT US

It's been almost a decade we have been in the industry catering needs of almost every industry vertex. We are known in the market to manufacture and deliver high quality essential oils, aroma chemicals and allied products.

We are HALAL, KOSHER, GMP, FASSAI and ISO certified company.

We have our fields of aromatic plants in the foothills of the Himalayas. We take at most care for the selection of soil, crop cultivation, crop harvesting, distillation and warehousing.

At present we are exporting in five countries. To export in the overseas market we have competent logistics partners and their warehouses in the overseas countries.
