Our Solutions

Dual Nozzle Fuel Dispenser

Gilbarco Veeder-Root Dual Nozzle Fuel Dispenser with ±0.1% accuracy, pre-set facility, and printer. PESO & Legal Metrology approved, pressure or suction type, built for durability and reliable fuel dispensing in harsh conditions.

Single Nozzle Fuel Dispenser

Gilbarco Veeder-Root Single Nozzle Fuel Dispenser with ±0.1% accuracy, pre-set facility, and printer. PESO & Legal Metrology approved, available in pressure or suction type. Built with a durable design to ensure reliable performance in harsh conditions.

Mobile Dispensing Unit

Gilbarco Veeder-Root Mobile Dispensing Unit with ±0.1% accuracy, pre-set facility, and printer. PESO & Legal Metrology approved, ideal for bowser refuelling and loading, compatible with PTO or battery-operated pumps.

Storum (2KL)

SSA Storum (2KL) with twin key solutions for construction and mining sites. Equipped with pre-set and printer for vehicle details entry. Its compact, space-saving design is a smart alternative to bulky underground tanks and piping systems.

Mobile Diesel Bowser (1KL)

SSA Mobile Diesel Bowser (1KL) reduces fuel and operational costs, minimizes losses, and ensures efficient fuel distribution. Ideal for infrastructure, mines, quarries, logistics, and cement industries for reliable on-site refuelling.

Bowsers (3KL/4KL/6KL)

SSA Mobile Diesel Bowsers (3KL/4KL/6KL) reduce fuel and operational costs, minimize losses, and ensure efficient fuel distribution. Ideal for infrastructure, mines, quarries, logistics, and cement industries for dependable large-scale on-site refuelling.

UG/AG Diesel Storage Tanks

UG/AG Diesel Storage Tanks – Our fixed stations include MS/SS underground tanks, customized as per customer needs and medium properties. Capacities range from 1,000L to 90,000L, manufactured to IS/API standards for safe and reliable fuel storage.

Fuel Handling Equipments

EMR4 Electronic Flowmeter

Submersible Turbine Pump

PTO Pumps

Hose Reels

Fuel Nozzle

230V Fuel Transfer Pump

DC 12V Fuel Transfer Pump

Digital Flowmeters

ATG Probe & Consoles

Inline HFR fuel filter

Fuel Swivel

Fuel Hose

Our Services

NOC Assistance
Smooth approval processes from the Explosive Department for businesses.

Liaison Services
Handling regulatory communications for hassle-free compliance.

Consumer Pump
Reliable consumer pump for efficient refueling.

Tank Fabrication
Custom-built UG/AG diesel storage tanks per industry standards.

Storage Solutions
Setting up compliant petroleum storage tanks.

Regulatory Approvals
Assistance in obtaining required licenses and permits.
