

DECCANTM
— GROUP —

Deccan Group is a renowned manufacturing company headquartered in Mumbai, India. With a workforce of 500 employees, the company exports its products to 38 countries worldwide. It holds ISO 9001:2015 certification and actively participates in sustainability initiatives such as the Ecovadis program.

Founded in 1967 by **Mr. Mansoor Chunawalla**, Deccan Group started as a small-scale tin can manufacturing operation in a 100-square-foot workshop. Today, it stands as an industry leader, boasting tin can manufacturing capacities exceeding 200,000 units per day. In addition to high-end production lines and a fully equipped QC lab, the company houses an in-house design team proficient in artwork modification to cater to diverse customer needs across various industries.

Situated on a modern 5.5-acre facility in Daman, the company's factory spans over 200,000 square feet of comfortable working space. Equipped with cutting-edge machinery and equipment, the factory ensures efficient and high-quality production processes.

ABOUT
US

In 2008, Deccan Group expanded its operations into **FIBCs and Jumbo Bags** manufacturing, integrating state-of-the-art tape plants and Lohia Starlinger looms for top-notch production quality. The manufacturing process is highly automated, including advanced cutting technology, while skilled stitchers ensure meticulous bag assembly. Rigorous quality checks, facilitated by the company's QC lab equipped with various advanced testing equipment such as UV Testing, Tensile Tester and Cyclical Load Test guarantee adherence to stringent quality standards.

In summary, Deccan Group's unwavering commitment to delivering exceptional products and services has solidified its reputation as an industry leader. With a skilled workforce, technical prowess and innovative approach, the company continues to exceed customer expectations across diverse industries on a global scale.

INFRASTRUCTURE

Being situated in **Daman**, served us as a support of having proximity to raw materials, transportation networks and target markets. The layout of the factory is optimized for smooth work-flow and minimal bottlenecks. Efficient layouts contribute to increased productivity and reduced operational costs. This physical structure of the factory include production halls, warehouses, administrative buildings and utility areas. These spaces are designed to accommodate various manufacturing processes, machinery and support services. The factory is equipped with a wide array of machinery and specialized equipment tailored to specific manufacturing needs. From assembly lines to robotic systems, these tools enhance production speed, precision and consistency. Regular maintenance and upgrades are imperative to ensure optimal performance and minimize downtime.

Welcome to Deccan Cans, your gateway to superior packaging solutions where industrial durability harmonizes with sophisticated design. Explore our diverse range of meticulously crafted metal tin cans, from robust industrial containers to captivating fancy cans, designed to meet every requirement and style. Our commitment to quality ensures that every can is a testament to precision craftsmanship and cutting-edge design.

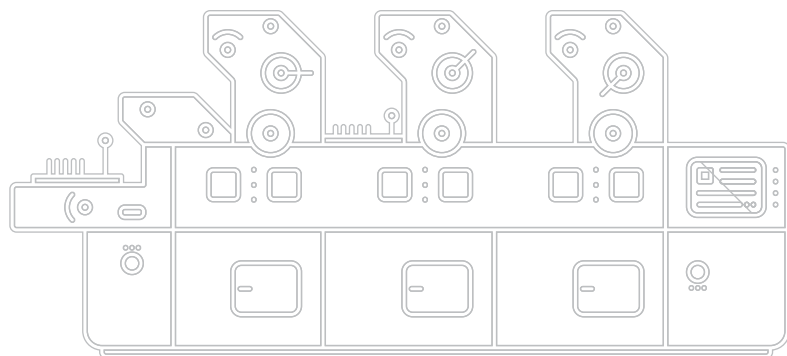

QUALITY CONTROL

Fully equipped lab with experienced personnel checking the outgoing and incoming materials as per the parameters. Few processes that we follow:

- Bar Coat Testing
- Viscosity Testing
- Printed Sheet Registration Station
- GSM Checker
- Light Testing for Checking Pin Holes
- Online Leak Testing Machines
- Humidity Chamber

PRINTING DIVISION

WORLD OF TIN CANS

Embrace the quality and reliability of our industrial tin cans, crafted with precision to withstand the rigors of transportation and storage while safeguarding your products with unparalleled strength. Designed to endure the toughest conditions, our industrial cans provide peace of mind, ensuring your goods remain intact and protected throughout their journey.

Applications of Tin Containers:

- ♦ Industrial Tin Cans
- ♦ Cans For Edible Oil / Olive Oil
- ♦ Pesticide Tin Can
- ♦ Confectionery Pack Range
- ♦ Tea & Coffee Tins
- ♦ Tin Cans Used In Miscellaneous Segments
- ♦ Stationery & Kids
- ♦ Gifting & Promotional Products
