

TRUE POWER CONNECT INDIA PVT LTD

Company Profile

ISO 9001:2015 Certified Company

About us

- ❖ *We are engaged in **manufacture and supply of various electrical and mechanical products** mainly used in the IT and Telecom industry.*
- ❖ *All our **products are designed in compliance with industry norms & standards**, using premium/branded raw material and maintaining a high level of testing at every stage.*
- ❖ *Our products are widely acclaimed by the customers for their reliability, long functional life, easy handling / fitment and no maintenance.*
- ❖ *Apart from our standard range, our **products are available in various configurations & sizes**, as per the customers design /requirements at market leading prices.*

Our Team & Management

❖ Our Team

Our team of professionals have a thorough knowledge and experience in their respective domain's and work in close proximity with the customers to provide them with qualitative products as per their exact requirements.

We focus on :

- Electrical and mechanical engineering*
- Design and development*
- Quality control*
- Expert Technical skills*
- R&D teams*
- Customer care*
- Skilled workers*

Our Mission

*From the day of inception, our mission is **providing our clients with high quality products that meet international quality norms and standards.***

We manufacture all our products using premium/branded raw material, which is sourced from reliable vendors and suppliers , both from within the country and from overseas, to ensure our clients get high quality products.

Generally, all test are carried out with the following parameters in mind :

- Performance*
- Durability*
- Safety*
- Wear resistance*
- Aesthetic neatness*
- Proper packaging*

Client satisfaction.....

our stringent 100 % full load testing, fast development and production times

helps us in delivering our consignments well within the stipulated time frame and of extremely reliable quality.

*We provide 24*7 service to our clients.*

We offer competitive pricing as compared to Industry norms.

Our Manufacturing Facility

We have a fairly modern and efficient manufacturing facility, with sufficient space and is equipped with appropriate quality machines that are needed for carrying out smooth and fast production.

We have highly skilled staff, who have requisite experience in their respective domains.

Some efficient machines installed at our unit are as follows :

- Wire Cutting & stripping machines*
- Pneumatic crimping machines*
- Soldering machines*
- Pneumatic screwdrivers*
- Full load test bench*
- High current test facility*

Why us?

We are among the reputed manufacturers and suppliers of a comprehensive array of products. Our products are appreciated by the customers due to their qualitative supremacy and reliability. And are widely used in various data centers, both in the IT and Telecom sectors.

Some factors that help us to stay ahead over our competitors are as follows:

- *On Site After Sales Service*
- *100 % testing (on full load)*
- *Fast Customization*
- *Team of expert professionals*
- *Transparent dealings*
- *Timely deliveries*
- *Competitive prices*

Product Range

- ➔ PDU - Power Distribution Units
- ➔ DCDB
- ➔ Wall mount Cabinets – Indoor & Out Door
- ➔ Telecom Fan tray Units
- ➔ Heat Exchanger for Telecom Racks
- ➔ DCPS- DC Power Supply 24V /48V

- ➔ Customized IT Racks
- ➔ IT Cabinet Rack Accessories
- ➔ Heat Load Bank For Testing Electrical Equipment's .
- ➔ Electrical Wiring Harness .

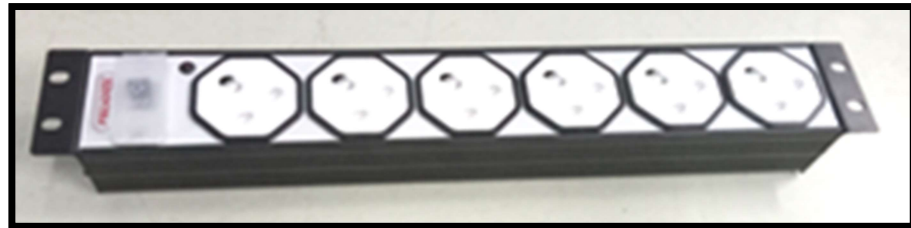

➡ PDU - Power Distribution Units

- ◆ Type -1 Indian Socket (5A , 5/15A)
- ◆ Rating 6A, 16A , 32A ,63A, single Phase & 3 Phase
- ◆ Octagonal, angular socket
- ◆ Type -2 IEC (C13, C19), UK British
- ◆ Rating 6A, 16A , 32A ,63A, Single Phase & 3 Phase
- ◆ Single Source & Double source

DCDB

DCDB 8+8 MCB

DCDB 4+4 MCB

Wall mount Cabinets

- ◆ Wall mount Cabinet
- ◆ From 2U to 15U
- ◆ Size 550W x 500D Std & 600W x 600D
- ◆ With Accessories (PDU, Cantilever shelf, Cable manager , 4" Fan)
- ◆ Double Section Wall mount

ODC Wall mount Cabinets

ODC Wall mount Cabinets

Fan Tray

- ◆ ODC Fan Tray
- ◆ Available in 2 / 3 / 4 Fan Units

DCPS

- ◆ DCPS (DC Power Supply with Battery Charger)
- ◆ DC 24V – Single source / Duel source
- ◆ DC 48V – Single source / Duel source
