

VISHAL

Rubber Technologies Pvt. Ltd.

"We Empire Greater Minds For The Greater Future"

ABOUT US

Vishal Rubber Technologies Pvt. Ltd was established in 1987 formerly known as Vishal Plastic & Rubber Industries with change in its Constitution in 2012 to Private Limited. Basically involved in manufacturing all kinds of Rubber Products, now specialized in Sealing Technology, Fire Retardant Rubber Products, Tanged metal insert Graphite gaskets, Intumescent Rubber Smoke Seals, etc. to boost our Make in India initiative.

We have been actively involved in R&D for various products which have not been manufactured in India to rule out our dependency.

For over decades Vishal Rubber Technologies Pvt. Ltd has been solving the most difficult problems with rubber and rubber-like materials. In addition to the products, the necessary techniques are being incessantly developed.

New products are diversifying the manufacturing programs and new raw materials are reinforcing the foundation of the firm. The sole purpose is to attain technological self-reliance.

Vision

To be a Rubber & Sealing technology company of choice, highly regarded by our customers for our Research & Development initiative, quality of work and professionalism.

Mission

We are a superior company committed to provide solutions which represents excellent values to our customer and which they proudly display.
