

Weld Tech Corporation

“Your vision our welding solutions”

Owner – Mrs. Suhasini B. Chabukswar

Two Decades of Welding Excellence Built on Trust, Technology, and Technical Expertise

In an industry that demands precision, reliability, and uncompromising technical competence, **Weld Tech Corporation** stands as a trusted pillar in India's welding and fabrication sector. Established in **2000** in **Pune, Maharashtra**, as a sole proprietorship, the company has grown from a regional enterprise into a **leading manufacturer, authorized distributor, supplier, and service provider** of advanced welding equipment and consumables. Today, Weld Tech serves critical industries across **PAN India**, delivering consistent quality and dependable solution.

Visionary Leadership & Strong Foundations

- Weld Tech Corporation is led by **Mrs. Suhasini Balasaheb Chabukswar (Proprietor)**, whose strategic vision, ethical business practices, and customer-centric approach have ensured sustainable and transparent growth.
- She is ably supported by **Mr. Balasaheb Chabukswar**, a welding professional with **21+ years of hands-on industry experience**. His deep technical expertise in welding machines, automation, distribution, and service operations has positioned Weld Tech as a reliable technical partner rather than just a supplier.
- After joining the organization, Mrs. Suhasini Chabukswar took charge of **Accounts, Administration, and Stores**, while Mr. Balasaheb Chabukswar focused on **Sales, Service, and Technical Operations**, forming a balanced and efficient leadership structure.

Growth Journey & Market Expansion

- Recognizing strong market demand for **global-brand welding solutions**, Weld Tech strategically expanded its portfolio and geographic reach while strengthening long-term customer trust.

Comprehensive Welding Solutions Under One Roof

To provide high quality and cost effective machine service in compassionate environment, Weld Tech Corporation offers end-to-end solutions for industries such as **infrastructure, automotive, heavy engineering, steel fabrication, construction, and manufacturing.**

Product Portfolio

- TIG, MIG, ARC, Plasma, and SAW welding machines
- Welding torches, including robotic torches
- Welding and plasma cutting consumables
- Air plasma cutting machines and spares
- Cables, accessories, and genuine spare parts
