

We Aditi Enterprises introduces our self as a reputed firm that carries out premium quality CNC Wire Cut Job Work. We work for A variety Of engineering industries. Our services are highly appreciated by companies based in plastic, pharmaceutical, Textile, Jewellery, Electrical, and automobile industries.

Established in the year 1999, we Aditi Enterprises, Mumbai. Are a well known organization that provides CNC Wire Cut Job Work. Through our services, clients can get sound designing, developing and maintenance services for various models of dies and Fixture. Our services are known for features, like cost effectiveness, reliability and timely execution.

High Accuracy and attention to detail & sharp technical skill backed with state of the art technology is now a standard expectation from all our clients. We works for the ancillary unit for the client like L & T, Godrej & Mahindra Mahindra.

Client as well as industry experts based throughout India heavily appreciate the work that we carry out.

Our services are executed by a team of engineers and technicians, who use the latest CNC Milling Machine CNC turning centre, CNC Wire cut Machine, EDM drilling machine & conventional Machine to perform the requisite jobs. All work carried out by us is thoroughly assessed by quality controllers, who assure clients of the authenticity of the jobs performed by us. Our personnel have contributions immensely in the success of the organization. To optimize the tooling process, we work in close co-ordinations with vendors who hold expertise in all types of downstream tooling processes.

We are led by "Gajanand Gupta", a recognizable figure in this line of work, who has been vital in our success. He has guided us at every step, and under his tutelage, we have moved from strength to strength to emerge as a reputed firm in this highly competitive line of work.

Measuring Instrument

1. Pin Gauges (0.5 mm To 12.00 mm In step Of 0.01 mm)
2. Slip Gauges (0.5 mm To 100.00 mm)
3. Micrometer (0 To 150 mm In step of 25 mm)
4. Digital Vernier Caliper (200 mm)
5. Magentic V Block (75 mm & 100 mm Pair)
6. Non Magentic V Block (20, 25 & 50 mm)
7. Vice Four Number (Holding Capacity Up to 200 mm)
8. Internal Micrometer (0 to 25 mm)
9. Bor Dail Gauge (8 To 100 mm)
10. Lever Type Dail Gauge (2 & 10 Micron)

OUR PRODUCTS

**Job Work For
Typical Dies**

**Job Work For
Extrusion Dies**

**Job Work For
Progressive Tools**

**Job Work For
Deep Draw Dies**

CNC Wirecut Job Work

**Job Work For Sheet
Metal Components Die**

**Job Work Transformer
Lamination Dies**

**Job Work For Electric
Motor Sampling Dies**
