UNSURPASSED QUALITY.
OUTSTANDING STYLE.

Hekken sets the standard in
contemporary sinkware.

A choice of architecturally inspired
designs that enhance the aesthetics
of your kitchen.

Pressed from high quality
304 grade stainless steel,
each hekken sink is engineered to be
as durable as it is beautiful.

Innovative sound deadening pads
and anti-condensation treatment make
hekken the leader in high end
sink design.

your **Sink** will be as
Hygienic as your **kitchen** is

STAINLESS STEEL

International Satin Finish &
high gloss mirror Finish
by

hékken

We recognize that the appearance and durability of a stainless steel sink is an important part of the sink selection process and overall purchase decision. And this decision will no doubt be influenced by the finish that we apply to the product.

While there are no industry-wide standards, there are some common product finishes offered by sink manufacturers today.

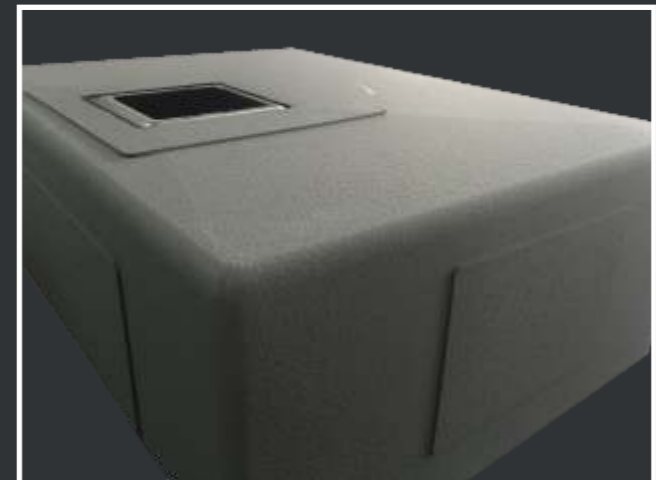

For example:

We know that a smooth and bright finish will shed water, resist water spotting, and add sparkle to the kitchen. This is a good choice for a sink deck where appearance is important and "wear and tear" is minimal.

We recommend and offer International satin Finish that is a good choice for the sink bowl. This is where the work is done in the kitchen and where a sink must prove its mettle ... the sink bowl finish must be durable enough to stand up to whatever you throw at it.

Sound-Deadening Undercoating

As a contrast to some competing products, all Hekken stainless sinks are serially fitted with special sound-deadening undercoating. This undercoating mitigates the noise from water splashing upon hitting the sink surface, and thus successfully increases the comfort of working and living.

an
Elegant Sink
design that enhance your
Luxurious Lifestyle

CABANA CUBA CASA

Square Collection

Cabana, Cuba, Casa Square sinks family of modern design and clean lines offer innovative and functional solutions and transcend the limits of 'wet' kitchen area. Owing to the variegated and numerous accessories line. These sinks make work in the kitchen so much easier. The functional washing-up and food preparation solutions are designed for the most demanding users. There is a wide array of available accessories like S.S. Colander, S.S. small bowl, Wooden chopping board and, Stylish soap container along with Square drainer with SS cover Plate. All above are stylish Sink SS cover plates that can either slides or can remove from sink. Looks entire sink like hidden sink thats look like a more appliance for your designer kitchen.

F-SQUARE

Collection

Designer F square and X square Series Appliance sinks are hand fabricated in 18 gauge, 18-10 stainless steel, and feature a robust an International Satin finish to complement your kitchen's stainless appliances. The Full Square Series Appliance Sink is the simple solution to challenging chores. We believe that food preparation and cleanup should be a pleasure. Imagine a sink that comes complete with custom accessories, anticipating your needs and providing solutions that work. From chopping and slicing and dicing to rinsing and draining to mixing and stirring & even provides a place to cool off hot pots, or defrost items straight from the freezer.

For added convenience, these sinks can be installed either under mount or inset. Delivering the very latest designer looks; under mount sinks provide uncluttered lines as well as easy bench top cleaning. Simple to retrofit, inset sinks are the ideal upgrade – adding instant style to your existing kitchen.

Today's sleek and contemporary appliances simplify our complex lives. They are an essential element of our daily chores and if you think about it... life without your range or refrigerator would be well, unthinkable. We feel the same way about your kitchen sink. As a matter of fact, we see the kitchen sink as the most important appliance you have. [OK, we may be a bit biased, but it is a vital part of every kitchen.]

X-Square

A hekken X-Square sink is internationally famous with name of Farmhouse, or apron front sink, will be the centre piece of your kitchen and looks fabulous from any vantage point. This is a sink that doesn't shy away from attention. Beyond its stylish good looks are real functional benefits. Our farmhouse sink is cleverly designed so the bowl is closer to you and more accessible. Since you spend so much kitchen time in front of the sink, it's just makes sense.

So, there you have it, hand crafted beauty to give you years of pleasure. Good looks and an easy-to-care-for finish; big, deep, spacious sink bowls, sink accessories and waste fittings included and the peace of mind associated with a lifetime warranty all add up to a product you will enjoy today and tomorrow.

HEFFEL SQUARE

Collection

The collection Heffel Square played with elegance and strength, the Italian art and creativity. Its design is a magnificent interpretation of clarity and aesthetic research. High-tech processing technologies shape sinks an elegance SQUARE LOOK with 18/10 Stainless Steel 304 grades and with thickness of 1 mm into ideal forms, become now an emblem of hekken, allowing an easy and efficient cleaning. This range epitomizes capably the rigor of an impeccable and functional aesthetic. The sink resolves into very little space all needs.

The different kinds of models allow maximum freedom in the design of the washing zone which is interpreted in a way so different and unique. The series is studied to be placed above counter top and can use with wall mounted or counter mounted taps.

exclusive Big Bowl Series...

HOXTON & CUB-AX-ECO SQUARE

The Hoxton and Cub-Ax sinks allows great creative freedom in the kitchen. With clean shapes and a touch of the latest trends, they are designed for the most demanding users. The line comprises different models of various dimensions, which can be combined in any way you choose. The sinks are manufactured from **304** Grade stainless steel with an average of **0.8mm** thickness. Their basic characteristics are small radiuses that are seemed bowl squarer and these provides a significantly increase in sink bowl capacity.

Hekken Granite Sink

A Composite granite sink is an engineered product manufactured using a mix of granite stone dust and acrylic resins molded into sink form. Composite sinks composed of quartz dust and acrylic resins are close cousins and the labels “composite stone” and “granite sink” are sometimes used interchangeably to describe either material. You’ll find both pros and cons for including a composite granite sink in your kitchen.

Features of hekken granite sink

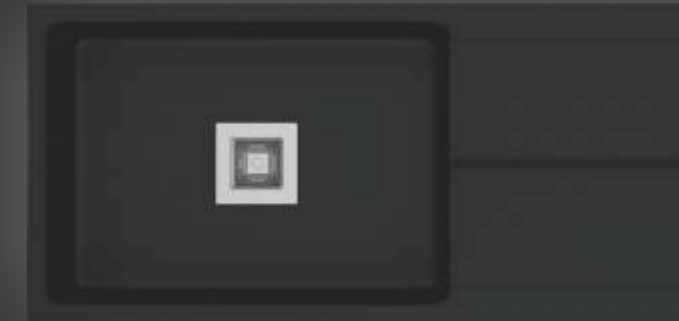

Rock hard granite durability

Heat resistant up to 536° F

Resistant to scratches, stains and all household acids and alkali solutions

Limited lifetime warranty

STAINLESS STEEL 304 FAUCETS Collection

If Chrome faucets are not your style then hekken have an extensive range of stainless steel faucets to choose from.

Stainless steel is much more than a different look and finish. Unlike Chrome faucets, stainless steel faucets do not have a coating, are but solid steel. Also known as Inox steel, it is an alloy with a 10% + Chromium content and this is what makes it so resistant. The chromium content forms a passive film of chromium oxide on the metal surface protecting the faucet.

At hekken, we don't believe in compromise. Our faucets are made from the highest 304 Grade stainless steel, giving our stainless steel Faucets great resistance to corrosion.

But our faucets are not only tough and well engineered but beautifully styled. Styles from the more classic to the absolute contemporary and with 25 in the range to choose from you are spoilt for choice. Of course, the stainless steel tap range particularly compliments the range of hekken stainless steel sink range. Bring them together and they make a great finish to any kitchen.

Shower CHANNEL

Hekken drainline shower channels clear the bathroom of any items that get in the way, such as shower tubs and cubicles, and make it possible to uniformly design the floor. This gives rise to barrier-free bathrooms of generous proportions – real rooms for living in, in fact. hekken drainline shower channels come either with stainless steel/ Plate covers or with the “tileable” channel where a plain slot in the floor is the only thing that can be seen.

Sink Accessories

they just make sense!

Sink accessories such as Flexible Stainless Steel Roll Mat, Stainless steel colanders, and Wooden Chopping Board are the art of preparing a meal. Slice and dice, mince and rinse, drain and strain ... a big sink with room to move, and sink accessories that are truly functional, will please even the most temperamental Chef. We like to think of hekken accessories as kitchen helpers. And who couldn't use a little extra help in the kitchen.
