Pristine Engg. Services Pvt Ltd.

specializes in providing solution for Medium to High Voltage Switchgear, Transformer and related products of reputed makes. Our major activities include help end user to select techno-commercially most appropriate set of HV/MV equipment suitable to their precise need. We have a strong dedicated team of people who are

ready to provided pre-Sales, supply and post-sales services. We have strategic tie-ups, authorization for many reputed Indian and global brands of products.

Primarily PESPL is involved in providing techno-commercial solution for Medium Voltage (3.3 to 33 KV) and HV (66 to 220 KV) Power System.

Our Products Range

Switchgear : VCB/SF6 medium Breaker Panels
Compact Switchgear viz. Ring Main Unit (RMU) Metering Panel
Control and Relay Panel

ON Load Tap Changer (OLTC) – We have expertise and exclusive rights to manufacture and supply Spares for Crompton Greaves make OLTCs.

Speciality Switchgear: High Current DC Switches

Cable Accessories: Cable Jointing Kits (Low Voltage Heat Shrink / Compound Joints, 11/22/33 KV Heat Shrink / Cold Shrink - Terminations & Joints), Heat shrink Insulating tubes

Our Brand

- **Crompton Greaves / Schneider Electric / ABB / C & S MV Switchgear**
- **Crompton Greaves Ltd. – F & AT type OLTCs**
- **RITTER Starkstromtechnik GmbH & Co, Germany** for High Current DC Switchgear
For Caustic soda plants using Membrane Cell Technology
- **3M Electro & Comm. India Pvt.**
- **GCA – China** – Separable Screened Connectors for RMU application (15-36 KV)
Hongshang China – Heat Shrinkable Tubes for HT
- **Bus Bars / HT cables Woer/Hongshang** – Thin wall / Printable Heat Shrinkable Tubes –
used for Panel wiring / HT Bus Bars Sleeves

We are in business since 1985 and have developed a suitable infrastructure to provide complete solutions to our customers. Our customer list includes Industrial customers, State Electricity boards, residential and commercial complexes and other government organization. We have also team of skilled service engineers to give prompt after sales service support (including AMCs) for all the products marketed by us.

CS Electric

Protection and Measuring Devices entire range of relays and metres required for Feeder Protection, Motor Protection, Transformer Protection

Cable Termination / Joints / Heat shrink tubes

11kV-22kV-33kV
Heat-Shrink-3-Core
Indoor-Cable Terminations

medium-Voltage
bus-bar-tubling

Terminal Protector TP - 500

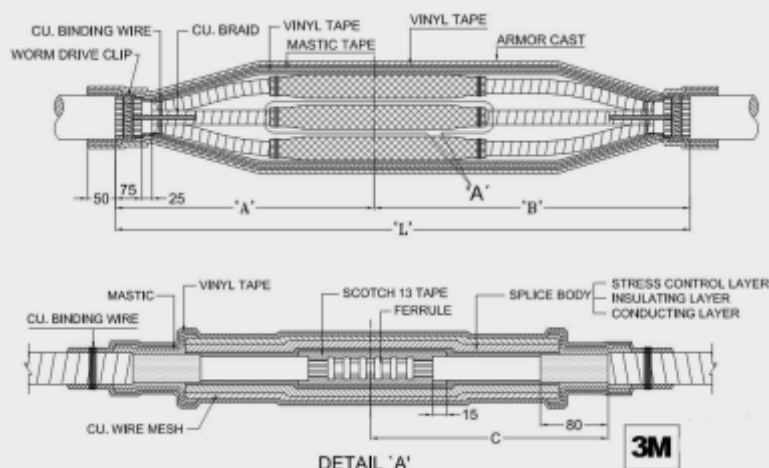

Application

- Improve insulation level of live parts in air insulated boxes / panels.
- For Transformer Bushings having diameter in the range of 46 to 56 mm.
- Ring Main units with phase to phase clearance of 45 mm & CD 95 mm.
- Meter boxes
- Dry type transformers bushings.

Cold Shrink Joint

Indian Distributor

United Electric Co. Ltd. China

GCA Brand Medium (22/33 KV) Voltage Screened Separable Connectors - Type CJB

Medium (22/33 KV) Voltage GIS Plug-In Terminations - Type CBN

24/36 kV Touch Proof Connectors

Single cable

Double cable

Seperable Screened
Seperator - Cross Section

Sutable for Doi=uble Cable-
Back to Back

Cat: CJB 20 630 + CJBK 220

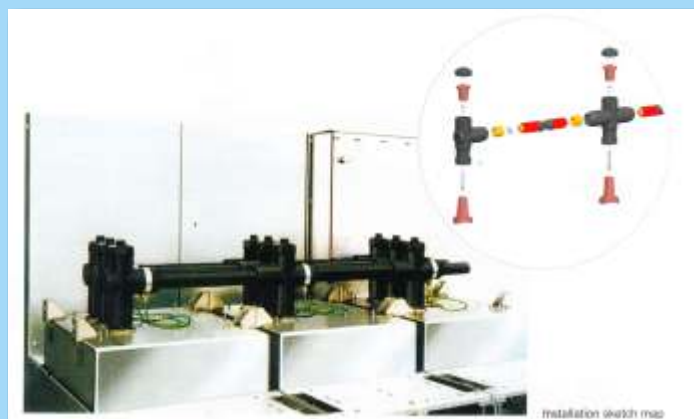

GIS Plug-in Termination
Up to 42KV

250 A Separable Elbow Connector Up to 24KV

Screened Bus Bar Connector
