

JAY SWAMI NARAYAN

S.M. ENGINEERING

Mfg of : Commercial Kitchen Equipments

Company Profile

S.M.ENGINEERING, is one of the prominent names engaged in manufacturing and supplying optimal range of Commercial Kitchen Equipments. The company was established in Mumbai, India, by Mr. M. Sayyed , having 15 years of experience and sharp business acumen. It has helped the company in carving a niche for ourselves in the domain.

The products manufactured are in compliance with international quality standards. Our professionals ensure that all the quality norms are duly followed during manufacturing process.

Our integrated manufacturing unit assists us in completing bulk orders within the committed time frame.

Our Team

Our team is one of the main reasons behind the success of our organization. Selected on the basis of skills, qualification and experience, our team helps us in conducting our business proceedings smoothly.

Owing to the untiring efforts of our industrious team, we are capable of offering our clients with the satisfaction they always look for. Our professionals work in tandem with emerging market trends, so that we can offer a range that meets the expectations of our clients. Our team comprises:

- Research and Development Personnel
- Quality Auditors
- Sales and Marketing Executives

With the assistance of our team, we are capable of completing our bulk targets on time and maintaining a swift rate of production.

Quality Assurance

Quality is core of our motto; thus, we make all necessary efforts towards ensuring that reflects in the final product . In this regard, we have directed our endeavors toward conducting rigorous quality tests. Our well structured quality system directs us in carrying out all operations, and offering best in class products to our clients. We have quality checkers who ensure that our products are made up of the premium quality stainless steel. We always make use of material that does not change the taste or any properties of the food that is processed in it. All our products are subjected to various testing methods to ensure durability. Furthermore, we have achieved tremendous success due to our quality products, best delivery and timely service.

Client Satisfaction

We are a client centric organization, and provide the clients the best Commercial Kitchen Equipment. It is our endeavor to achieve cent per cent customer satisfaction, thus, we strictly follow practices that suits best in favor of the clients. We hold an impeccable client satisfaction record and we strive to maintain it intact. In order to attain ultimate client satisfaction, we make sure that all our products successfully serve the individual requirements of our clients. Due to our exceptional range, ethical and customer friendly business practices, we have gained the trust and confidence of many reputed clients across the nation.
